Raw Water

You live in a unique community where an irrigation water system was created to allow residents and some businesses to water yards with less expensive untreated water.

The following watering schedule will begin May 5 (*please remember to close your raw water valves before May 4*).

This system does not extend throughout the community, so in many residential areas there is a discounted rate for treated water during the summer months to allow for irrigation use. Cody's raw water system is not metered, so customers pay a flat rate based on the size of their raw water tap. The City does encourage water conservation in an effort to preserve the life of the pumping system as well as the nation's water supply.

ODD NUMBERED ADDRESSES:

Tuesday, Thursday & Saturday

EVEN NUMBERED ADDRESSES:

Wednesday, Friday & Sunday

**Mondays
are non-watering
days for all.**

Memorial Day Event

WWI Memorial Dedication

Ceremony on Monday, May 26th, 2014 at Wyoming State Veterans Memorial Park is being planned. More information to be available soon.

Spring & Summer Roll-Out Schedule

On May 5th the City of Cody Sanitation staff begins the **Spring/Summer Roll-Out** Schedule. Roll-outs will be emptied twice per week. Customers whose roll-out is normally picked-up on Monday will have pick-ups on Mondays and Thursdays. Customers whose roll-out is normally picked-up on Tuesday or Friday will have pick-ups on Tuesdays and Fridays. Please have roll-outs out by 7:00 A. The Cody City Council is currently considering an Ordinance that may affect the roll-out schedule. If approved, the City will begin a "Yard Waste" program for roll-out customers. One day a week the City will collect Municipal Solid Waste and the other collection day will be utilized for the collection of "Yard Waste". Additional information will be provided by "door hangers" in the near future to provide details on the program such as How Do I Sign Up For the Program, how the program will work, how "Yard Waste" containers will be delivered to customers, etc.

Solid Waste Holiday Collection Schedule

Monday, May 26, 2014:

* Residential rollouts will be picked up on Tuesday, May 27

* Residential and commercial dumpsters will be picked up between Tuesday & Wednesday, May 27 & 28

Friday, July 4th, 2014:

* Residential rollouts will be picked up on Thursday, July 3. Residential and commercial dumpsters will be picked up prior to Friday.

*If you have any questions
please call 587-2958.
This schedule may vary due to
unforeseen circumstances.*

Want to receive Public Works notifications in your email?

Go to www.cityofcody-wy.gov and join the Public Works news mailing list. Or email kylieh@cityofcody.com or by calling 587-2958.

Utility billing questions may also be directed to the customer service staff at City Hall at 527-7511 or by e-mailing codycity@cityofcody.com.

Remember

There will NOT be a Spring Clean-Up.

Large Item Pick-Up Program will start again in November.

Mosquito Control

Mosquito season is fast approaching. The City of Cody will once again take proactive steps to avoid the spread of mosquitoes within the community. When appropriate, the City will apply chemical larvicide in predetermined locations including the Beck Lake area, Shoshone Riverway, Olive Glenn Golf Course and more. This larvicide helps control large hatches of mosquitoes that occur under favorable weather conditions. Local residents are also encouraged to take precautions to help minimize the potential spread of West Nile Virus.

5 D's of West Nile Virus Prevention:

DAWN &

DUSK: When possible, avoid spending time outside at dawn and dusk.

DRESS: Wear shoes, socks, long pants, and a long-sleeved shirt when outdoors for long periods of time or when mosquitoes are most active. Clothing should be light colored and made of tightly woven materials to keep mosquitoes away from the skin.

DRAIN: Reduce the amount of standing water in or near your property by draining and/or removing it. Mosquitoes may lay eggs in areas with standing water. For more information and tips on reducing the amount of standing water in or near your property and for recommendations on how to eliminate potential mosquito breeding sites on or near your property go to www.badskeeter.org.

DEET: For additional protection from mosquitoes, use an insect repellent containing DEET (N,N-diethyl-m-toluamide) or picaridin (KBR 3023). Other insect repellents such as oil of lemon eucalyptus and IR3535 are also registered by the EPA but may be less effective than products containing DEET. It is important to follow the product guidelines when using insect repellent. Please see the Insect Repellent Safety and Use Q&A for more detailed information concerning the use of repellents.

Concerned horse owners are encouraged to contact their veterinarian for vaccine information or any other questions on WNV. Alternatively, phone the Wyoming Livestock Board at 1-307-777-7515.

Additional information on West Nile Virus is available at www.badskeeter.org or by calling 1-877-WYO-BITE

Cody Rec Center

The Paul Stock Aquatic & Recreation Center will celebrate its 13th anniversary on June 24, 2014. Our mission is to provide a safe and welcoming environment while offering affordable recreational opportunities for the community at large.
