Time Adjourned: _____

City of Cody Agenda Request Form

In order to fully prepare the Council for their meetings, individuals wishing to appear before the Council are asked to complete the following information prior to placement on the agenda. You may be notified by mail, telephone or e-mail of the date you have been scheduled to appear. You may also be contacted by City staff prior to the meeting to see if your concerns can be addressed without appearing before the Council.

Please provide the following detailed information relating to your concern or request. This form (and any relevant attachments) is due no later than seven days prior to a Council meeting to allow sufficient time for internal review. Council packets are prepared the Wednesday prior to the Tuesday meetings. Meetings are held the first and third Tuesday of each month. Please complete the following information in full and return to City of Cody PO Box 2200 Cody, WY 82414 (Fax 307-527-6532)

Name of person to appear before the Council Katherine & Tommy Thompson

Organization Represented The Nature Conservancy and Trout Unlimited

Date you wish to appear before the Council December 10, 2015 at their work session

Mailing Address 1302 Beck Ave, Ste E, Cody WY 82414 Telephone 307.250.5345

E-Mail Address katherine_thompson@tnc.org

Preferred form of contact: Telephone _____ E-Mail

Names of all individuals who will speak on this topic Katherine and Tommy Thompson

Event Title (if applicable) Shoshone River Way Restoration project

Date(s) of Event (if applicable) NA

Full description of topic to be discussed (include all relevant information, attach additional sheet if necessary) We would like to follow up with the Council about our progress with due diligence on the Shoshone River Way Restoration project on City land by the river. We will present detailed information about the appraisal, title search, and how we would propose to move the project forward.

Which City employee(s) have you spoken to about this issue? City Council, Rick Manchester, Barry Cook, Mayor Brown, Eric Asay, and Steve Payne

Signature  Date 10/19/15

Revised 3/2007

Steps to Successful Prioritization

- 1.) Determine Results
 - Accurate prioritization of programs, reflecting the City's stated objectives, depends on the comprehensive identification of the Results we are in business to achieve
- 2.) Clarify Result Definitions
 - Precision in prioritization results from the articulation of the cause and effect relationship between a program and a Result
 - With clearly defined Result Maps, detailing the factors that influence the Results we are in business to achieve, we can seek to minimize subjectivity in the process of linking programs with Results
- 3.) Identify Programs and Services
 - Differentiating programs and services we offer, as opposed to comparing the departments who provide those services allows for better Prioritization
- 4.) Value Programs Based on Results
 - With the right Results, and with clear definitions of those Results, we can more accurately place a value on a program relative to its influence on achieving Results
- 5.) Allocate Resources Based on Priorities
 - Using "Resource Alignment Diagnostic Tool"

Cody Country Values

To develop a long-term vision for the community, the City of Cody and Forward Cody completed multiple surveys to determine community values, goals, and priorities. The result was Cody 2020, for which 1,880 Cody residents shared their concerns, preferences, and ideas for Cody's future. The values and priorities identified in Cody 2020 were reaffirmed and expanded by the community during the master plan process and are now represented as follows.

Western Small Town Lifestyle

Enhance western heritage, small town values and sense of community by:

- Maintaining a neighborly, hospitable and safe community
- Valuing western heritage and natural environment
- Supporting educational initiatives and opportunities
- Allowing for a range of housing options
- Supporting festivals, events, and year-round entertainment
- Preserving the character of sound residential neighborhoods

Recreation, Open Space & the Environment

Provide residents and visitors with ample recreation opportunities while protecting Cody's clean, scenic environment by:

- Preserving and expanding access to open space, parks, and viewing corridors
- Completing a connecting trail system
- Developing year-round indoor and specialized outdoor recreation
- Protecting wildlife habitat, clean air and water, and a quiet environment
- Recognizing potential opportunities for the use of alternative energy sources and energy efficient technologies

Economic Vitality

Support a diverse, vibrant local economy that provides a mix of employment opportunities by:

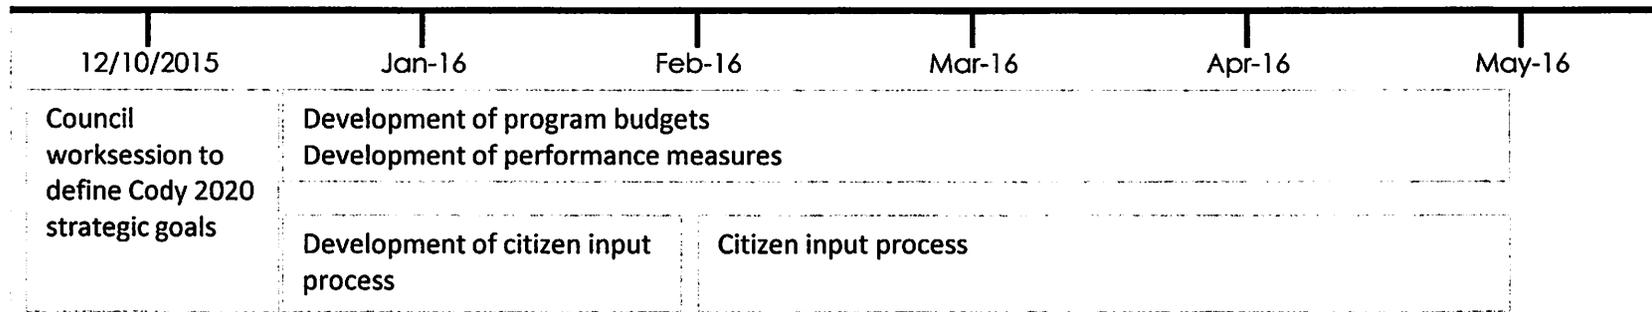

- Pursuing balanced economic growth in tourism, retail, arts, medical, light industry and high tech business
- Developing small and mid-size retail business
- Maintaining downtown as the center of economic activity

Transportation & Mobility

Provide for transportation access and mobility for all residents and visitors by:

- Creating an integrated, well-connected transportation system
- Developing additional options for transportation methods
- Enhancing pedestrian and bicycle connectivity

Priority Based Budget Implementation Time Line

MAIR ENERGY LLC

November 22, 2015

Administrative Services Officer
City of Cody
PO Box 2200
Cody WY 82414

Dear Administrative Services Officer,

I'm very interested in serving on the City of Cody, Planning and Zoning Commission. Achieving balance between developing for the future and preserving heritage of the past is a passion of mine.

I've lived in many places – Riverton, WY (hometown), Laramie, WY (UW), Plano, TX (career move) and Denver, CO (career move) – and I'm proud to call Cody "home". I recently moved to Cody because of the western lifestyle and small town vibe.

As a business owner and regulatory professional, I believe I'm well-equipped to make sound judgements as a Planning and Zoning member. My education was also designed around finding optimal solutions and representing diverse stakeholders during development projects.

I appreciate your consideration and look forward to hearing from you.

Respectfully,

Carla Mair

Carla Mair
Consulting Manager

Enclosures (3)

P.S. As a new citizen of Cody, I became aware of the position after the application deadline from speaking with two individuals that have served on Planning and Zoning.

ENGINEERING & REGULATORY

SOLUTIONS YOU

WHY MAIR ENERGY?

We believe success is derived from both static and dynamic traits. Three static traits that define us are:

- **First-class service.** Whether it's your first time reaching out to us, or you're a long-time client, you'll be greeted with the same friendly service every time.
- **Hard work.** You have deadlines and responsibilities. We're your partner to push those projects through the finish line. We love a good challenge. Put us to the test.
- **Honesty.** When you call a consultant, you need someone you can trust. All of our services are done in good faith and follow industry standards. Your satisfaction is guaranteed.

We believe the dynamic trait of success is adapting to change. We can assist your organization with changing:

- **Operations.** We deliver practical engineering solutions. We're committed to your targets and budget. Together, we'll make each project reach it's maximum potential.
- **Regulations.** We have dedicated personnel keeping watch for changes that impact your operations. Connect with us on social media to stay updated on emerging regulations.
- **Technology.** We integrate the latest technologies to reduce cost and increase efficiency. Your return on investment is our priority.

Our professionals provide quality experience. Get to know us:

- **Our background.** Mair Energy was formed by two University of Wyoming alumni. Our organization has over 40 years' combined industry experience. When you meet our team, you'll meet a new generation of valued professionals.
- **Who we are.** We formed Mair Energy as an opportunity to do more of what we love, plant our roots in the great state of Wyoming and become leaders in our fields.
- **Work with us.** We're energetic, dependable and ready to meet your engineering and regulatory needs.

We invite you to learn more on the pages that follow or give us a call.

We look forward to hearing from you!

INTEGRITY

ADAPTABILITY

EXPERIENCE

ENGINEERING

Mair Energy brings value to clients in the areas of facilities, production and reservoir engineering. Our experience includes both oil and gas under various reservoir conditions, including H₂S environments.

Mair Energy conducts comprehensive oil and gas facility design, from front-end engineering and design to equipment optimization and project management.

- Vessel sizing
- Line sizing and pressure-drop
- Compressor optimization
- PE-stamped designs
- H₂S treating solutions
- Facility troubleshooting

PRODUCTION

Our goal is to increase your return on investment. From working with what we have, to a total redesign - we deliver solutions for your economic metrics.

- Artificial lift design and optimization
- Compression
- Facility de-bottlenecking

RESERVOIR

Mair Energy conducts reserve analysis following industry accepted standards outlined by the Society of Petroleum Evaluation Engineers.

- Bank evaluations
- Acquisition or divestiture modeling
- Estate planning
- Litigation
- Risk analysis
- LOE analysis

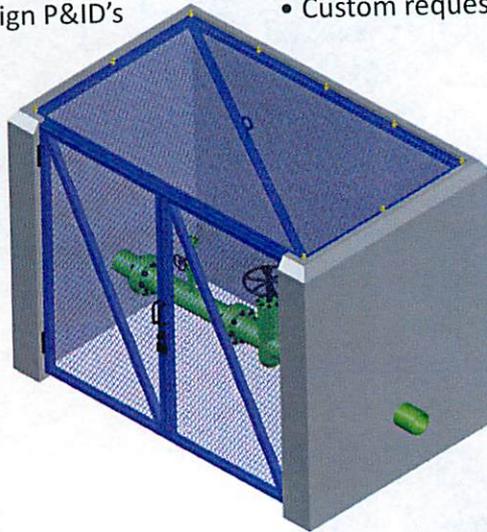

Check out the example of our AutoCAD services on the following page!

AUTOCAD

We know facilities. We know AutoCAD. Mair Energy offers process and instrumentation diagrams (P&IDs), as well as drawings for compliance needs and custom requests.

- As-built P&ID's
- Red-line P&ID's
- Facility design P&ID's
- PE-stamped SPCC plans
- Site Security Drawings
- Custom requests

REGULATORY

Mair Energy provides value to clients in the areas of environmental and regulatory consulting, data management and staffing assistance.

There are many moving parts when it comes to buying and selling assets. Mair Energy understands the need for organization and accurate recordkeeping. Put our experience to work for you.

- Due diligence coordination
- Reserve analysis
- Phase I ESA's
- PSA exhibit preparation
- Asset inventory

Mair Energy can keep your development projects moving forward with our wide array of permitting services. We're constantly adding new lines of service to better serve you.

- Air quality
- Right-of-ways
- FCC licensing
- PE-stamped SPCC plans
- NPDES discharge applications

COMPLIANCE

Compliance tasks keeping you up at night? We can help you rest easy. Whether it's taking on facility inspection responsibilities or working with you to streamline compliance tasks - we're here to help.

- Air quality
- FracFocus/Chemical Disclosure
- Asset inventory maintenance
- *Compliance audits*
- SPCC inspections
- Stormwater inspections
- Pesticide reporting
