INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council
City of Cody, Wyoming

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cody, Wyoming, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cody, Wyoming, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedule on pages 3–11 and 52–54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Cody, Wyoming's basic financial statements. The combining and individual nonmajor fund financial statements on pages 56-57 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 21, 2016 on our consideration of the City of Cody, Wyoming's internal control over financial reporting and our tests of its compliance with certain provisions with laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion or the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Cody, Wyoming's internal control over financial reporting and compliance.

City of Cody, Wyoming
Management Discussion and Analysis
June 30, 2016

Financial Highlights

- The City of Cody's net position at the close of the current fiscal year was \$80,205,659. Total net position is comprised of the following:
 - (1) Net investment in capital assets of \$62,385,717 (78%) include property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
 - (2) Restricted net position of \$62,021 (less than 1%) is restricted by constraints imposed from outside the City such as grantors, laws or regulations.
 - (3) Unrestricted net position of \$17,757,921 (22%) represents the portion available to maintain the City's continuing obligations to citizens and creditors.
- Total net position increased by \$1,934,655 over the prior fiscal year. The governmental-type net position increased by \$945,904 and the business-type net position increased by \$988,751.
- Total expenses during the year were \$26,753,873 compared to total revenues of \$28,688,528.
- The unassigned fund balance for the General Fund was \$6,136,591 or approximately 59% of total General Fund expenditures for the fiscal year.
- The City's total debt decreased \$14,834 due to changes in compensated absence accruals and customer deposit balances. The City entered into a loan agreement with the State Lands and Investments Board for the wastewater treatment facility project however as of June 30, 2016 no loan proceeds had been disbursed and repayment is not scheduled to begin until April 2017.
- The City's net pension liability increased by \$1,817,684.
- Assessed Valuation: the assessed valuation for the City of Cody for 2016 was \$126,055,521, an increase of approximately 2% over 2015 (\$2,595,719).

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. Cody's basic financial statements are comprised of three components (1) Government-Wide Financial Statements, (2) Fund Financial Statements, and (3) Notes to the Financial Statements. This report also contains supplemental schedules and information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Cody's finances, in a manner similar to a private-sector business. The *statement of activities* presents information reflecting how Cody's net position has changed during the fiscal year just ended.

The government-wide financial statements distinguish the functions of Cody that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities include general government, administrative services, public

safety, parks, public facilities, recreation, and public works. The business-type activities include solid waste collection, water, wastewater and electric.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Cody, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Cody can be divided into two categories: governmental funds and proprietary funds.

- Governmental Funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. These funds focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explains the relationship (or differences) between them.

- Proprietary funds. Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information.

Notes to the Financial Statements

The notes to the financial statements are considered an integral part of the basic financial statements since they provide additional information needed to gain a full understanding of the data provided in both the government-wide and fund financial statements.

Supplemental Information

In addition to the basic financial statements, which include the accompanying notes, this report also presents *required supplemental information*. Included is a budgetary comparison for the General Fund and the Lodging Tax Fund comparing actual results (using the basis of budgeting) with the original budget and the final amended budget.

Other supplemental information included with the basic financial statements are the combining balance sheet and combining statement of revenues, expenditures and changes in fund balance schedules for the non-major governmental funds (special revenue and capital projects).

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The largest portion of Cody's net position (78%) reflects its investment in capital assets (e.g. land, buildings, machinery & equipment, and infrastructure), less any debt used to acquire those assets that is still outstanding. These assets are used to provide services to citizens; consequently, they are not available for future spending.

The following summary of net position and changes in net position are presented for the current fiscal year, 2015-2016 with comparison totals for the prior fiscal year 2014-2015.

General Fund Budgetary Changes

The City adopts an annual budget for all funds. The City Council may adopt budget amendments during the year for supplemental appropriations which are generally contingent upon new or additional revenue sources or the spending of reserves.

During the fiscal year, there was a \$565,537 increase in appropriations between the original and final amended budget in the General Fund. The main reason for the increase resulted from the carryover budget process. Some major projects and pass through grant activities were not completed at the end of Fiscal Year 2014-2015 and therefore had to be carried over into Fiscal Year 2015-2016.

Debt Administration

As of June 30, 2016, the City of Cody’s debt consisted of \$515,383 for accrued compensated absences, \$268,951 for customer deposits and \$6,153,204 in net pension liability for a total of \$6,937,538.

Significant Variations and Currently Known Facts

The State of Wyoming, by constitution, does not have a state personal income tax; therefore it operates primarily using sales and use, gasoline, severance and mineral royalty taxes. As a result, the City of Cody relies heavily on sales and use tax and a limited array of other revenues passed through from the State and well as locally generated revenues such as franchise fees, business licenses, and charges for services to provide services to the community. There are also a limited number of recurring and non-recurring federal, state and local grants that benefit the City of Cody. For business-type services such as solid waste collection, water distribution, wastewater treatment and electric distribution the users of the services pay a related fee or charge associated with the activity.

In Fiscal Year 2015-2016 there was a slim increase of approximately 2% in taxes (property tax, franchise fees and lodging tax) and a decrease in the intergovernmental revenues (sales & use tax, severance taxes & royalties, motor vehicle & gasoline taxes, cigarette taxes and supplemental state funding) of approximately 3%. Cody is mainly a tourist-driven economy and due to the reliance on state revenue sources the City of Cody is vulnerable to changes in the economic conditions in the State of Wyoming including fluctuations in the mineral industry. Therefore, we cannot anticipate nor predict what the local economy will do with any certainty.

Fiscal Year 2015-2016 was the first year that distributions from the State lottery division were made to cities and towns. This year only one quarter's distribution was made and the City received \$11,056. In future years, the City anticipates receiving approximately \$40,000 per year from the lottery division. Distributions to cities and towns are capped at the first \$6 million in revenue each fiscal year, and the distributions to cities and towns will end after June 30, 2022.

During the 2016 State of Wyoming Legislative session the county wide consensus grant program through the Office of State Lands and Investments was not funded. This resulted in an expected loss of approximately \$1.6 million in capital grant funding for the City of Cody in the next biennium. Additionally, direct distribution funding for cities and towns in Wyoming is in jeopardy due to the downturn in mineral revenues. This funding is derived from "over-the-cap" mineral revenues that flow through the State's general fund. Previous years' distributions have been made annually however for the upcoming fiscal year only half the distribution will be made as scheduled. Whether or not the second half will be distributed will be decided by the Legislature in January 2017. If the second distribution is eliminated the City expects to lose approximately \$350,000.

Park County currently does not have a 1-cent optional sales tax or specific purpose tax. The City of Cody in partnership with Powell, Meeteetse and Park County have passed Resolutions to place a 1-cent specific purpose tax on the November 2016 election ballot. If passed, the City of Cody anticipates receiving \$5 million in revenue over a four-year period to fund sewer lagoon upgrades, ADA ramp improvements throughout the City and crack and chip sealing improvements within various subdivisions. These are all projects that cannot be funded with the City's current revenue stream.

Management Discussion and Analysis
June 30, 2016

The City of Cody participates in various federal and state pass through grant opportunities, partnering with local businesses to make improvements to existing businesses, bring new businesses to the community and provide affordable housing options. Anticipated projects in the upcoming fiscal year include the Cody Labs expansion and the Husky electric substation in the 2AB industrial area.

The City of Cody has been accumulating additional reserves in the Wastewater Fund for the sewer lagoon upgrade project which began in Fiscal Year 2015-2016. The total estimated project cost is \$3.6 million which is being funded through a combination of fund reserves, an Office of State Lands and Investments mineral royalty grant and a loan through the State Clean Water Revolving Account program with funds provided by the U.S. Environmental Protection Agency. The loan has a 20-year maturity and carries a 2.5% annual interest rate. The total interest payments are expected to be \$533,697 over the life of the loan.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City's accounting and financial reporting policies conform to accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in the subsequent sections of this Note.

1.A. FINANCIAL REPORTING ENTITY

In determining the financial reporting entity, the City complies with the provisions of GASB Statement No. 61.

The reporting entity is comprised of the primary government only. The primary government of the City of Cody consists of all funds and departments that are not legally separate from the City.

The City of Cody (City) is a municipal corporation located in Park County, Wyoming. The elected Mayor and six-member City Council represent the governing body responsible for the activities related to City government within the jurisdiction of the City. The government receives funding from local, state and federal government sources and must comply with the accompanying requirements of these funding sources.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organizations; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units also may include organizations that are fiscally dependent on the City in that the City approves the budget, levies their taxes or issues their debt.

The City of Cody has no component units presented in the financial statements.

Related Organizations

Based on the foregoing criteria, the following related organizations are not included in the financial reporting entity:

Wyoming Municipal Power Agency - provides electrical generation and distribution services to its eight member communities.

Shoshone Municipal Pipeline - operates a pipeline and water treatment facility to sell water to the six communities participating in the joint powers venture.

Yellowstone Regional Airport Joint Powers Board – created in 1980 to construct, maintain, equip, operate and conduct an airport and incidental facilities.

City of Cody, Wyoming
Notes to Basic Financial Statements

Northwest Improvement Projects Joint Powers Board – this board is currently inactive. The City of Cody and the City of Powell are members of the Joint Powers Board.

The Lodging Tax Joint Powers Board – determines the disposition of lodging tax receipts to three communities in Park County, Wyoming.

The City appoints one or two representatives to serve on each of these joint powers boards. However, in each case there are at least 5 other board members selected by other entities. Each board hires its own management, sets its own rates and is responsible for its own expenses. The City is not liable for losses of any of the boards and does not provide a significant amount of funding for any of the boards.

1.B. BASIS OF PRESENTATION

Government-Wide Financial Statements:

The statement of net position and statement of activities display information about the City as a whole. They include all financial activities of the reporting entity except for fiduciary activities, of which the City maintains none. Eliminations have been made to minimize the double reporting of transactions involving internal activities. Individual funds are not displayed in these statements. Instead, the statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities presents a comparison between the expenses and program revenues directly associated with the different governmental functions and business-type activities to arrive at the net revenue or expense of the function or activity prior to the use of taxes and other general revenues. Program revenues include (1) fees, fines and service charges generated by the program or activity, (2) operating grants and contributions that are restricted to meeting the operational requirements of the program or activity, and (3) capital grants and contributions that are restricted to meeting the capital requirements of the program or activity.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Separate financial statements are presented for the two major fund categories: governmental and proprietary. An emphasis of the fund financial statements is placed on major governmental and enterprise funds. The General Fund is always reported as a major fund. Other funds are considered major if they meet the following criteria:

- a. Total assets, liabilities, revenues or expenditures/expenses of that individual governmental or enterprise fund is at least 10% of the corresponding total for all funds of that category or type, AND

City of Cody, Wyoming
Notes to Basic Financial Statements

- b. Total assets, liabilities, revenues or expenditures/expenses of the individual governmental fund or enterprise fund that are at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. A fund not meeting the criteria of (a) and (b), however management has elected to report the fund as a major fund due to its significance to users of the financial statements.

All remaining governmental and enterprise funds not meeting the above criteria are aggregated and reported as non-major funds. The funds of the financial reporting entity are described below:

GOVERNMENTAL FUNDS

General Fund

The General Fund is the primary operating fund of the City. It is used to account for all activities except those legally or administratively required to be accounted for in other funds. This fund is always a major fund.

Special Revenue Funds

Special Revenue funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for certain purposes. The reporting entity includes the following special revenue fund:

Lodging Tax Fund - accounts for revenues and expenditures of lodging taxes which are to be used to support community functions and activities. This fund is a major fund by the election of management.

Capital Projects Funds

Capital Projects funds are used to account for resources restricted for the acquisition or construction of specific capital projects or items. The reporting entity includes the following capital projects funds, of which all are non-major funds:

Public Improvements Fund - accounts for proceeds specifically required for the use of public improvements for governmental type activities and for proceeds designated for capital improvements by the management.

Vehicle Replacement Fund - accounts for transfers from other funds within the primary government which is for the purchase vehicles and equipment. Transfers are based upon each department's vehicles and assigned replacement schedules to allocate appropriate funds to cover future replacements. Although projects such as construction are not being performed, the City considers this a capital project fund.

Proprietary Funds

Proprietary funds include enterprise and internal service funds. Enterprise funds are used to account for business-like activities for services provided to the general public. Internal service funds are used to account for business-like activities provided and charged to other funds or

City of Cody, Wyoming
Notes to Basic Financial Statements
June 30, 2016

entities within the reporting entity. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Non-operating revenues of the proprietary funds include such items as investment earnings and subsidies. The reporting entity includes the following proprietary funds, each of which are major funds:

Solid Waste Fund - accounts for the activities of the department responsible for maintaining a dependable system for collecting and disposing of solid waste and recyclable materials in the City.

Water Fund - accounts for activities of the department responsible for providing a safe, potable water supply and an irrigation water supply to the community.

Wastewater Fund - accounts for the activities of the department responsible for maintaining a dependable system for collecting and treating the City's wastewater.

Electric Fund - accounts for activities of the department responsible for providing a dependable electric supply to the community.

1.C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe **how** transactions are recorded within the financial statements. Basis of accounting refers to **when** transactions are recorded regardless of the measurement focus applied.

Measurement Focus

Government-wide and Proprietary Fund Financial Statements

In the government-wide Statement of Net Position and the Statement of Activities, and the proprietary and fiduciary fund statements the "economic resources" measurement focus is applied. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position and cash flows. All assets and liabilities (whether current or noncurrent, financial or nonfinancial) associated with their activities are reported.

Governmental Fund Financial Statements

In the governmental fund financial statements, a "current financial resources" measurement focus is applied. Under this focus, only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

Government-wide, Proprietary and Fiduciary Fund Financial Statements

In the government-wide Statement of Net Position and Statement of Activities, and the proprietary fund financial statements the accrual basis of accounting is applied. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic assets are used. Revenues, expenses, gains, losses,

City of Cody, Wyoming
Notes to Basic Financial Statements
June 30, 2016

assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental Fund Financial Statements

In the governmental fund financial statements the modified accrual basis of accounting is applied. Under the modified accrual basis of accounting revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City has defined "available" as collected within 60 days after year end. Sales and use taxes, franchise taxes, lodging taxes, court fines and interest are considered susceptible to accrual. Expenditures, including capital outlay, are recorded when the related fund liability is incurred, except for long-term debt principal and interest, claims and judgments, and accrued compensated absences, which are recorded as expenditures to the extent they have matured. Proceeds of general long-term debt and capital leases are reported as other financial sources.

**1.D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES,
AND NET POSITION/FUND EQUITY**

Cash and Cash Equivalents

Cash and cash equivalents include all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less. Investments in open-ended mutual fund money market accounts are also considered cash equivalents and are reported at the funds current share price.

Investments

Investments consist of U.S. government securities and bonds. These investments are purchased with the intention of holding to maturity and are therefore reported at cost.

Receivables

Material receivables in governmental funds and governmental activities include revenue accruals such as sales tax, franchise tax, grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in accordance with GASB 33. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available at the fund level.

Proprietary-type funds, business-type activities and similar component unit's material receivables consist of all revenues earned at year -end and not yet received. Utility accounts receivable comprise the majority of proprietary fund receivables. Component unit material receivables consist of due from other governments and various fee receivables.

Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

City of Cody, Wyoming
Notes to Basic Financial Statements
June 30, 2016

Prepaid Items

Payments made to vendors for service that will benefit periods beyond June 30, 2016, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reported as non-spendable as this amount is not available for general appropriation.

Inventories

The City records consumable materials and supplies as an asset when purchased and expended as consumed. Such inventory is valued at average cost.

Capital Assets and Depreciation

The accounting treatment of property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund type or proprietary fund type operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Statements

In the government-wide financial statements, property, plant and equipment are accounted for as capital assets. The City's capitalization threshold varies by asset classification and category. The range of asset capitalization threshold by asset classification is noted below:

Classification	Threshold
Land	\$5,000
Intangibles	\$5,000
Buildings	\$25,000
Other Improvements	\$25,000
Machinery & Equipment	\$ 5,000
Furniture & Fixtures	\$ 5,000
Infrastructure	\$5,000 - \$25,000

All capital assets are valued at historical cost or estimated historical cost if actual cost is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. General infrastructure assets (such as roads, bridges, and traffic systems) acquired prior to July 1, 2006, are reported at estimated historical cost using deflated replacement costs. The cost of normal maintenance and repairs to these assets that do not add materially to the value of the asset or significantly extend the assets' useful lives are not capitalized. Interest costs, net of interest earned on any invested capital debt proceeds, are capitalized when incurred by proprietary funds.

Depreciation of all exhaustible capital assets is recorded as an operating expense in proprietary fund financial statements and as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net position. Depreciation is calculated over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

City of Cody, Wyoming
Notes to Basic Financial Statements
June 30, 2016

Asset Type	Useful Life
Buildings	30 – 50 Years
Other Improvements	10 Years
Intangibles	1-5 Years
Machinery & Equipment	5 – 10 Years
Furniture & Fixtures	5 Years
Infrastructure	5 – 50 Years

In the government funds financial statements, capital assets acquired are accounted for as capital outlay expenditures.

Restricted Assets

Restricted assets include cash and investments of enterprise funds and business-type activities that are legally restricted as to their use. The primary restricted assets are related to customer utility deposits.

Long-Term Debt

Accounting treatment of long-term debt varies depending upon the source of repayment and the measurement focus applied, and whether the debt is reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental activities, business-type activities, proprietary fund and component unit resources are reported as liabilities incurred. The long-term debt consists primarily of accrued compensated absences, liability for claims, notes payable, and revenue bonds payable. This long-term debt is reported net of unamortized premiums, discounts, and amounts deferred from refundings, if applicable.

Long-term debt of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures.

As of June 30, 2016, the City of Cody is not obligated in any manner for special assessment debt.

Compensated Absences

The City's policies regarding vacation and compensatory time permit employees to accumulate varying amounts as determined by management.

The City's sick leave policy caps sick leave accruals at 720 hours and employees with balances in excess of 720 as of the adoption date are allowed to keep all of the hours accrued until such time that the employees use the hours below 720. Eligible employees may be able to convert a portion of their accrued sick leave towards the employee's 457 Deferred Compensation account or Health Savings account or a combination of both based on a longevity percentage table upon an eligible separation of employment.

Vacation time off with pay is available to regular full time and regular part time employees. The amount of paid vacation time employees receive each year increases with the length of their

City of Cody, Wyoming
Notes to Basic Financial Statements

employment. Full time employees may carry 80 hours of accrued vacation leave and part time employees may carry 40 hours of accrued vacation leave into a new calendar year. Vacation time off is paid at the employee's base rate of pay at the time of vacation

The estimated liabilities for vested benefits also include salary-related payments such as employment taxes. Compensated absences are reported as accrued in the government-wide, proprietary and component unit financial statements. Governmental funds report only the matured compensated absences payable to currently terminating employees.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position/balance sheet may include a line for deferred outflows of resources. This element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position/balance sheet may include a line for deferred inflows of resources. This element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

At June 30, 2016, the City of Cody reported on the Statement of Net Position a deferred outflow in the amount of \$1,742,341 for its proportionate share of the Wyoming Retirement System's net pension liability. The amount attributable to the General Fund is \$1,259,767 and the amount attributable to the proprietary funds is \$482,574. See Notes 4.A. and 4.H. for additional information regarding the pension liability. The City has deferred revenue that qualifies for reporting on the Balance Sheet in this category in the amount of \$180,914 which represents court fines, motor vehicle taxes and severance taxes.

Equity Classifications

Government-Wide and Proprietary Fund Financial Statements:

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources on the government-wide financial statements. Net position is classified in the following categories:

- a. Net investment in capital assets – Consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction or improvement of the assets.
- b. Restricted net position – Consists of amounts restricted by creditors, grantors, contributors or laws or regulations of other governments.
- c. Unrestricted net position – Consists of the net position that does not meet the definition of “net investment in capital assets” or “restricted net position”.

City of Cody, Wyoming

Governmental Fund Financial Statements:

In the fund financial statements, governmental fund balance is presented in five possible categories:

- a. Nonspendable – resources which cannot be spent because they are either (a) not in spendable form or; (b) legally or contractually required to be maintained intact.
- b. Restricted – resources with constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- c. Committed – resources which are subject to limitations the government imposes upon itself at its highest level of decision making, and that remain binding unless removed in the same manner. The commitment or use of Committed Resources is accomplished through an Ordinance or Resolution of the City Council, usually during the annual budget process or subsequent budget amendment.
- d. Assigned – resources neither restricted nor committed for which a government has as stated intended use as established by the governing body. The assignment or use of Assigned Resources is accomplished by Council action.
- e. Unassigned – resources which cannot be properly classified in one of the other four categories. The General Fund is the only fund that reports a positive unassigned fund balance amount.

Application of Net Position:

It is the City of Cody’s policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Application of Fund Balance:

When both restricted and unrestricted fund balances are available for use, it is the City’s policy to use externally restricted fund balances first. Furthermore, committed fund balances are reduced first, followed by assigned fund balances and then unassigned fund balances when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

1.E. INTERNAL AND INTERFUND BALANCES AND ACTIVITIES

In the process of aggregating the financial information for the government-wide financial statement, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Vehicle Maintenance Allocation: The City of Cody operates a Vehicle Maintenance department in the General Fund. The main function of this department is to provide maintenance and repair services on fleet vehicles and equipment. Under City policies, certain interdepartmental services performed by one department for another are credited to the performing department and charged

City of Cody, Wyoming
Notes to Basic Financial Statements

to the receiving department to reflect the accurate cost of programs. For reporting purposes, the Enterprise Fund charges are shown as transfers in/out between funds. The General Fund activities are credited to the performing department and charged as an expense to the receiving departments. The cost allocation is calculated annually based on each department's percentage of use; therefore, actual costs are not being allocated. The cost allocation for this fiscal year was distributed as follows:

Fund	Allocation Value
General Fund	\$ 164,951
Solid Waste Fund	93,213
Water Fund	5,640
Wastewater Fund	11,902
Electric Fund	11,707
Total	\$ 287,413

Government-Wide Financial Statements:

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

- a. Internal balances – amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are reported as internal balances.
- b. Internal activities – amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide statement of activities except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers – Internal Activities. The effects of interfund services between funds are not eliminated in the statement of activities.
- c. Primary government and component unit activity and balances – resource flows between the primary government and the discretely-presented component units are reported as if they were external transactions.

Fund Financial Statements:

Interfund activity, if any, within and among the governmental, proprietary fund and fiduciary categories is reported as follows in the fund financial statements:

- a. Interfund loans – amounts provided with a requirement for repayment are reported as interfund receivables and payables.
- b. Interfund services – sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.

City of Cody, Wyoming
Notes to Basic Financial Statements
June 30, 2016

-
- c. Interfund reimbursements – repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
 - d. Interfund transfers – flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

1.F. REVENUES, EXPEDITURES, AND EXPENSES

Sales Tax

The City presently levies a four-cent sales tax on taxable sales within the City. The sales tax is collected by the State and remitted to the City the month following receipt by the State. The sales tax recorded is allocated to General Fund operations. Sales tax resulting from sales occurring prior to year end and received by the City after year end have been accrued and are included under the caption, *Due from other governments* since they represent taxes on sales occurring during the reporting period.

Property Tax

The Park County Treasurer acts as an agent to collect property taxes levied in the County for all taxing authorities. Collections are distributed after the end of each month.

Property Tax Calendar

August 10	Taxes are levied and become an enforceable lien on the properties
September 1	First of two equal installment payments is due
November 10	First installment is delinquent
March 1	Second installment is due
May 10	Second installment is delinquent

According to GASB #33 (Non-exchange Revenues), a receivable can be recorded at the earliest of the date of the assessment or the date a lien is placed on the property. Neither of these items occurs prior to June 30th for the upcoming levy, therefore the August levy included in the current fiscal year is the basis for the receivable.

Grants

The City participates in various grant activities depending on the applicable projects and/or grants available. Expenditures from certain grants are subject to audit by the grantor, and the City is contingently liable to refund amounts received in excess of allowable expenditures.

During the fiscal year the City of Cody acted as the pass through agency for the following grants through the Wyoming Business Council:

Gunsmith School Feasibility Study – A project between the City of Cody and Forward Cody Wyoming Inc and Wyoming Business Council (WBC) to study the feasibility of constructing a gunsmith school in Cody, Wyoming to train employees for the firearms industry. The study will determine the viability of the business opportunity. This grant was awarded for \$25,000 in 2013 and the study was completed in 2016.

City of Cody, Wyoming
Notes to Basic Financial Statements

Habitat for Humanity Project: A project between Mountain Spirit Habitat for Humanity the City of Cody and Wyoming Business Council (WBC) to complete the installation of streets, water and wastewater infrastructure in an affordable housing subdivision. The grant was awarded for \$395,000 in 2014 and the project was completed in 2016.

Expenditures & Expenses

In the government-wide statement of activities expenses including depreciation of capital assets are reported by function or activity. In the governmental fund financial statements expenditures are reported by class (further reported by function) as current, capital outlay and debt service. In proprietary fund financial statements, expenses are reported by object or activity.

1.G. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

1.H. RECENTLY ISSUED ACCOUNTING STANDARDS

New Accounting Standards

GASB Statement No. 72, *Fair Value Measurement and Application*. Effective for fiscal years beginning after December 15, 2015. The requirements of this statement which are applicable to the City of Cody were implemented for the fiscal year ending June 30, 2016.

GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. The objective of this statement is establish criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. Effective for fiscal years beginning after December 15, 2015. The requirements of this statement are not applicable to the City of Cody.

GASB Statement No. 80, *Blending Requirements for Certain Component Units – An Amendment of GASB Statement No. 14*. The objective of this statements is to amend the blending requirements for the financial statement presentation of component units of all state and local governments. Effective for fiscal years beginning after June 15, 2016. The requirements of this statement are not applicable to the City of Cody.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

By its nature as a local government unit, the City and its component units are subject to various federal, state and local laws and contractual regulations.

2.A. DEFICIT FUND BALANCES OR NET POSITION

Wyoming Statutes prohibit the creation of a deficit fund balance in any individual fund of the City. For the year ended June 30, 2016, the City had not incurred a fund balance deficit in any individual fund.

2.B. BUDGET REQUIREMENTS

The City prepares its annual operating budget under the provisions of Wyoming State Statutes for all the funds. In accordance with those provisions, the following process is used to adopt the annual budget:

- a. Prior to June 1, the City administrator submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1.
- b. A public hearing is conducted to obtain citizen comments.
- c. Subsequent to the public hearing the budget is adopted by Ordinance of the City Council.
- d. By July 31 the adopted budget is filed with the State and County.

Budgets for governmental funds are prepared using the modified cash basis of accounting. Proprietary funds budgets are prepared using the accrual basis of accounting. The statutory legal level of control at which expenditures may not legally exceed appropriations is the fund level. The City adopts, manages and amends its budget at the department level as well as by total fund level. Management control is at budgetary line item level. The Council may amend the budget once it is approved and may authorize transfers within the various budgetary programs in any fund. Unused appropriations for all funds lapse at the end of the year. The City does not use encumbrance accounting.

2.C. DEPOSITS AND INVESTMENTS REQUIREMENTS (POLICIES)

In accordance with State law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Wyoming or political subdivision debt obligations or surety bonds. Investments of a City are limited by State law to the following:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State of Wyoming is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.

-
- c. With certain limitation, negotiable certificates of deposit, prime banker's acceptances, prime commercial paper and repurchase agreements involving securities which are authorized investments under State Statutes.
 - d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county municipality or school district.
 - e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
 - f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a, b, c and d.

2.D. ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Related Party Payables

The City of Cody had \$942,632 payable to the following related parties at June 30, 2016: \$158,972 in the Water Fund payable to Shoshone Municipal Pipeline and \$783,660 payable to Wyoming Municipal Power Agency. Further disclosure of related party transaction is reported in Note 4E.

Accrued Expenses

The City of Cody reported \$211,323 in accrued expenses as of June 30, 2016. Accrued expenses consist of wages earned by employees through June 30, 2016 which had not yet been paid and related payroll liabilities such as FICA. Due to the dates and report filing of certain payroll related expenses for items such as worker's compensation and retirement these items are also included in the accrual. These items were not paid prior to June 30, 2016 for their respective liability.

2.E. DEBT RESTRICTIONS AND COVENANTS

General Long-Term Debt

As required by State Statutes, the City may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue without first obtaining voter approval. For the year ended June 30, 2016 the City incurred no such debt or obligations.

NOTE 3. DETAIL NOTES ON TRANSACTION CLASSIFICATION

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues and expenditures/expenses.

3.A. DEPOSITS AND INVESTMENTS

The City's investment policy is adopted pursuant to the requirements of W.S. 9-4-831(h). It is the policy of the City of Cody to invest public funds in a manner which will provide a reasonable rate of investment return while assuring the maximum holding of principal, meeting the daily cash flow demand of the City of Cody, and conforming to all federal, state, and local laws and regulations governing the investment of public funds. This policy applies to the investment of all

public funds maintained by the City of Cody and except for cash held for certain restricted purposes the City of Cody consolidates cash balances from all funds to maximize investment earnings. Investment income is allocated to the various funds based on their respective participation and in accordance with Generally Accepted Accounting Principles.

Deposits with Financial Institutions

The City of Cody maintains funds on deposit at a local bank branch in non-interest bearing checking accounts. At June 30, 2016, the carrying amount of the City's cash and cash equivalents was \$12,512,362. The deposits with financial institutions as of the same date totaled \$12,436,297. The deposits were collateralized as follows:

Balance at June 30, 2015	Pledged Collateral	FDIC Insurance	Total Bank Collateral	Bank Collateral Over(under) Requirements
\$ 12,436,297	\$ 15,358,994	\$ 250,000	\$ 15,608,994	\$ 3,172,697

Investments

The City of Cody maintains investments in direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged. It is the City's policy to purchase investments and hold them to maturity, therefore investments are reported at cost rather than fair market value. As of June 30, 2016, the City of Cody held the following investments:

Issuing Agency	Original Cost	Par Value	Market Value at June 30, 2016
Money Funds Federated Capital Reserve	\$398,306	\$398,306	\$398,306
U.S. Government Bonds	\$7,613,008	\$7,620,000	\$7,717,853
Total	\$8,011,316	\$8,018,306	\$8,116,159

Investment and Deposit Risk

Custodial credit risk is the risk that, in the event of bank failure, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party (Wells Fargo Bank).

Bank Deposits – The City of Cody maintained 100% pledging of its deposits in financial institutions. FDIC covered \$250,000 of the bank balance while the remaining balance was secured by the pledging of additional collateral. At June 30, 2016, the collateral on the City of Cody's deposits exceeded the amount on deposit by \$3,172,697.

Federated Capital Reserve Money Funds - Money funds held as investments are collateralized through the Securities Investor Protection Corporation (SIPC) which protects securities up to \$500,000. As of June 30, 2016, the collateral on the City of Cody's money funds deposit exceeded the amount on deposit by \$101,694.

Third Party Payment Processors – the City of Cody utilizes third party payment processors for the collection of electronic payments from customers via credit card or automatic bank account debits. These transactions are processed through a financial

City of Cody, Wyoming
Notes to Basic Financial Statements
June 30, 2016

institution and covered under the FDIC insurance. Funds are transferred to the City's bank accounts daily and pending transfers do not exceed \$250,000.

Interest rate risk is the risk that is associated with declines or rises in interest rates which cause an investment in a fixed-income holding to increase or decrease in value. The City's policy provides that to the extent practicable, investments are matched with anticipated cash flows and are diversified to minimize the risk of loss resulting from an over-concentration of assets in a specific maturity period or single issuer.

Concentration of credit risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City of Cody invests only in U.S. backed securities and bonds issued by different government agencies.

Call risk is the risk that is specific to bond issues and refers to the possibility that an instrument will be called prior to maturity and usually goes hand in hand with reinvestment risk. The City of Cody's investments are split 44% callable and 56% non-callable.

Reinvestment risk is the risk that in a declining interest rate environment investments offered do not provide the same level of income. Falling interest rates lead to a decline in cash flow from an investment when its principal is reinvested at lower rates. As of June 30, 2016, bonds in the amount of \$250,000 had been called with the reinvestment trade settled on July 5, 2016. The loss of interest income during this time period was not material.

Market risk is the risk that the value of a holding will increase or decline as a result of changes in market conditions. The City of Cody has a "buy and hold" policy meaning that bonds are held until maturity.

3.B. RECEIVABLES

As required by GASB #33, there is a court fine receivable recorded on the books in the amount of \$357,566 with an uncollectible allowance recorded of \$290,547. Many of the outstanding fines fall into the category of over 120 days past due, however, they are typically years past due and not considered collectible. Many of these accounts have been sent to collections.

A significant portion of the charges for services receivables are due from residents of Cody, Wyoming for utility services. Other receivables in the governmental funds consist of billings through the City's accounts receivable system for items such as building permits, miscellaneous items, licenses, etc. Proprietary funds accounts receivable consist of usage and tap fees billed to customers (solid waste, water, wastewater, and electric). They are as follows:

	Governmental	Enterprise Funds	Total
Accounts Receivable – billed	\$ 174,037	\$ 1,186,440	\$ 1,360,477
Accounts Receivable – unbilled	6,204	1,406,898	1,413,102
Allowance for Uncollectible Accounts	(37,274)	(124,860)	(162,134)
Accounts Receivable, net of allowance for uncollectible accounts	\$ 142,967	\$ 2,468,478	\$ 2,611,445

City of Cody, Wyoming

Type of Restricted Assets	Governmental Funds	Enterprise Funds
General Fund	\$14,076	\$-
Electric Fund	-	<u>254,875</u>
Total Restricted Assets	\$14,076	\$254,875

3.F. LONG-TERM DEBT

The reporting entity's long-term debt is segregated between the amounts to be repaid from governmental funds (Government Activities Long-Term Debt) and the amounts to be repaid from proprietary funds (Business-Type Activities Debt).

As of June 30, 2016, the City's long-term debt consisted of the following:

Accrued Compensated Absences: Accrued compensated absences reported in the governmental activities are comprised of accrued vacation leave, sick leave and compensatory time.

Customer Deposit Liability: Utility customers without acceptable credit history are required to pay a meter deposit to obtain utility services. Utility deposits are refundable after 12 consecutive months of on-time payment history. Other customer deposits include encroachment deposits, landscaping deposits and bid bonds. Other deposits are refundable upon completion of the requirements of each type of deposit, typically within 12 months.

Net Pension Liability: Under GASB 68/71 the City of Cody is required to recognize pension expense and report deferred outflows of resources and deferred inflows of

3.G. INTERFUND BALANCES AND ACTIVITIES

The City of Cody utilizes interfund transfers for both operating and capital purposes such as allocations to the Vehicle Replacement Fund, operating transfers from the Lodging Tax fund to the General Fund to finance community events and activities paid for by General Fund departments, and operating transfers from the Proprietary Funds to the General Fund to pay for costs associated with accounting, utility billing, and other administrative services paid for by the General Fund. Interfund transfers for the year ended June 30, 2016 were as follows:

		TO		
Fund		General Fund	Vehicle Replacement Fund	Total
FROM	General Fund	\$ -	\$ 335,850	\$ 335,850
	Lodging Tax Fund	\$ 31,999	\$ -	\$ 31,999
	Solid Waste Fund	\$ 361,802	\$ 140,155	\$ 501,957
	Water Fund	\$ 413,844	\$ 34,161	\$ 448,005

	Totals	\$ 2,191,641	\$ 645,976	\$ 2,837,617

The amount shown in this chart differs from the transfers shown on the Statement of Activities due to certain capital assets being transferred between funds.

City of Cody, Wyoming
Notes to Basic Financial Statements
June 30, 2016

The following capital contributions are recorded as other financing sources due to the purchase of capital assets by the Vehicle Replacement Fund:

Fund	Amount
Water	\$ 37,817
Electric	188,225
Total	\$ 226,042

The amount shown on this schedule (\$226,042) for capital contributions differs from capital contributions total shown on the Statement of Revenues, Expenses and Changes in Fund Net Position Proprietary Funds capital contributions (\$492,331) due to contributed capital received from outside agencies.

At fund level, the purchase by the governmental fund is recorded as capital outlay expenditure and is a capital contribution in the proprietary fund. However, for the government-wide financial statements this activity is treated as a transfer between funds and activity is eliminated.

3.H. FUND BALANCES AND NET POSITION

Components of Fund Balances

As of June 30, 2016, fund balances components consisted of the following:

Fund	Non-Spendable	Restricted	Committed	Assigned
General Fund	\$ 196,544	\$ 45,481	\$ -	\$ 134,456
Public Improvements Fund	-	16,540	-	-

NOTE 4. OTHER NOTES

4.A. EMPLOYEE PENSION PLANS

The City and all full-time and regular part-time employees participate in the Wyoming Retirement System (WRS), a cost-sharing multi-employer public employee retirement system.

Financial reporting information pertaining to the City's participation in the Wyoming Retirement System (WRS) is prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions, as amended by GASB Statement No. 71. The WRS was established through State Statutes W.S. 9-3-401 through W.S. 9-3-432. The WRS issues a publicly available Comprehensive Annual Financial Report that includes its financial statements and required supplementary information. Contact

the Wyoming Retirement System for additional information or a summary plan description detailing the provisions of the plan, including benefits, actuarial assumptions, discount rates, investments held, expected rates of return, discount rate sensitivity and cost of living adjustments at 6101 Yellowstone Road, Suite 500, Cheyenne, Wyoming 82002, or by calling 307-777-7691. The information is also available on their website at www.retirement.state.wy.us

The WRS has plan assets of \$6,427,796,404 and a total pension liability of \$8,757,144,225, creating a net pension liability of \$2,329,347,821. The pension net position as a percent of total pension liability is 73.4%. The City of Cody's prorated share of the net pension liability is \$6,153,204. Of this amount \$4,448,954 is attributable to the General Fund and \$1,704,250 is attributable to the Enterprise Funds. The City's net pension liability is based on the ratio of actual contributions paid to WRS by the City to the total paid by all participants of the plan. The City's prorated share of the net pension liability is based on the ratio of actual contributions paid to WRS by the City to the total paid by all participants of the plan, which amounts to .2378%. The measurement date of the unfunded pension liability was December 31, 2015.

Fund	Net Pension Liability	Deferred Outflow	Net Change
General Fund	\$ 4,448,954	\$ 1,259,767	\$ 3,189,187

Electric Fund	758,884	214,886	543,998
Total	\$ 6,153,204	\$ 1,742,341	\$ 4,410,863

WRS pays employees a defined benefit depending upon years of service and earnings using an accrued benefit cost method. By State Statute, the employer-allocated portion for public employees is 8.37% and the employee-allocated portion 8.25% for a total contribution rate of 16.62%. The City of Cody pays a higher percentage of the contributions at 12.19% and the employee pays 4.43% of the total contribution amount. Law enforcement employees participate at a higher contribution level of 17.2%. By State Statute, the employer-allocated portion is 8.6% and the employee-allocated portion is 8.6% of which the City paid 10.9% and employees paid 6.3%. Approximate contribution and payroll amounts for the last three fiscal years is as follows:

Year	Contribution Amount	Payroll Amount
June 30, 2016	\$ 960,401	\$ 5,734,080
June 30, 2015	\$ 876,714	\$ 5,416,756
June 30, 2014	\$ 793,200	\$ 5,223,490

City of Cody, Wyoming
Notes to Basic Financial Statements
June 30, 2016

As of June 30, 2016, the amount owed to the WRS plan for the legally required contributions was \$105,906.86 in the following funds:

Fund	Payable Amount
General Fund	\$ 76,582
Solid Waste Fund	\$ 6,820
Water Fund	\$ 5,982
Wastewater Fund	\$ 3,166
Electric Fund	\$ 13,356
Total	\$ 105,906

Wyoming Retirement System has two tiers of benefits for City employees:

Tier 1: For employees who have made a contribution to the Plan for service prior to September 1, 2012, benefits are calculated using a multiplier of 2.125 percent for the first 15 years of service and 2.25 percent for years of service above 15 and the employee's three-year highest average salary. Employees under this tier are eligible for full retirement at age 60 or the Rule of 85 (age plus years of service in WRS equals 85 or more).

Tier 2: For employees who made their first contribution to the Plan for service on or after September 1, 2012 or if an employee terminated employment before being vested, or took a refund and then were reemployed on or after September 1, 2012, benefits are calculated using a multiplier of 2 percent for all years of service and the employee's five-year highest average salary. Employees under this tier are eligible for full retirement benefits at age 65 or the Rule of 85.

City employees are eligible for a reduced benefit when:

Under Tier 1 the employee reaches age 50 and are vested;

Under Tier 2 the employee reaches age 55 and are vested or

Under either Tier if the employee completes 25 years of service at any age

Law enforcement employees are eligible for full retirement after reaching age 60 and are vested or at any age with 20 years of service. Early retirement benefits are available with a reduced benefit after reaching age 50 and are vested.

4.B. RISK MANAGEMENT

Liability

The City is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters. The City manages these various risks of loss through participation in the Wyoming Local Government Liability Pool (LGLP). The City pays an annual actuarially determined assessment to LGLP for liability coverage. The coverage provides \$250,000 per claimant, but not more than \$500,000 per occurrence for all claimants. The deductible per occurrence is \$5,000. The contribution to the plan in the current year was \$59,888. Should claims exceed LGLP deposits, each participant is liable and will be assessed for its proportionate share whether

City of Cody, Wyoming
Notes to Basic Financial Statements
June 30, 2016

or not it continues to participate in the plan, should LGLP terminate, the City would receive its proportionate share of excess funds remaining in the LGLP account. The City has incurred no losses of significance in excess of coverage provided by LGLP in the last three years.

Health Insurance

The City also participates in the Wyoming Association of Municipalities Joint Powers Insurance Coverage (WAM-JPIC) as a means to acquiring health and life insurance at competitive rates. The package is acquired by pooling resources with other governmental entities. The City pays 100% of the cost for single coverage and 90% of the cost for dependent coverage with employees paying the other 10%. The total cost for health insurance for the City in the current year was \$1,250,153.

Property Insurance

Buildings and equipment are adequately insured under commercial insurance policies. The City has incurred no losses of significance in excess of coverage provided by the commercial carriers in the last three years. Total costs for property insurance for the City in the current year were approximately \$66,071.

4.C. LEASES

The City has entered into a lease agreement with the Cody Council on Aging, Inc. for a building constructed by the City for use as a senior center. The annual fair market value under the lease is approximately \$87,000. The term of the lease is 30 years beginning January 1, 2002 with valuation adjustments to be considered every five years. The annual lease payment is considered an in-kind contribution from the City to the Cody Council on Aging, a 501(c) (3) organization.

4.D. COMPENSATED ABSENCES

Accumulated vacation, sick leave and compensatory pay of the City's employees vest every other week and is recorded as a liability in the respective City funds. The General Fund's accrued vacation pay and sick leave is reported as a liability on the government-wide financial statements. Liabilities of the proprietary funds are reported within those funds at the fund level and government-wide level of financial statements. See Note 3.F. for further disclosure of the liabilities.

4.E. RELATED PARTY TRANSACTIONS

4.H. CONTINGENCIES

Contingencies

Grant Program Involvement – in the normal course of operations the City participated in various federal and state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by the granting or loan agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Litigation – the City is a party to various legal proceedings which normally occur in the course of government operations. The financial statements do not include accrual or provisions for loss contingencies that may result from these proceedings. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State Statute relating to judgments, the City feels that any settlement or insurance would not have a material adverse effect on the financial condition of the City.

Notes:

- (1) The City of Cody operates a Vehicle Maintenance department in the General Fund. The main function of this department is to provide maintenance and repair services on fleet vehicles and equipment. Under City policies, interdepartmental services performed by one department for another are credited to the performing department and charged to the receiving department to reflect the accurate cost of programs. For reporting purposes, the Enterprise Fund charges are shown as transfers in/out between funds. The General Fund activities are credited to the performing department and charged as an expense to the receiving departments. The cost allocation is calculated annually based on each department's percentage of use; therefore, actual costs are not being allocated. See Note 1.E. in the Notes to the Basic Financial Statements for additional details.

- (2) The City of Cody operates a Vehicle Replacement capital project fund which accounts for transfers from other funds within the primary government which is to be used to purchase vehicles and equipment. Transfers are based upon each department's vehicles and assigned replacement schedules to allocate appropriate funds to cover future replacements. See Note 3.G. in the Notes to the Basic Financial Statements for additional details.

- (3) The budget for the General Fund is prepared using the modified accrual basis of accounting.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members of the City Council
City of Cody, Wyoming

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cody, Wyoming, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Cody, Wyoming's basic financial statements, and have issued our report thereon dated October 21, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Cody, Wyoming's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Cody, Wyoming's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Cody, Wyoming's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Cody, Wyoming's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
