## INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council  
City of Cody, Wyoming

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cody, Wyoming, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cody, Wyoming, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

CERTIFIED PUBLIC ACCOUNTANT

PROFESSIONAL CORPORATION

544 Gateway Drive  
Powell, Wyoming 82435307-754-2141  
Fax 307-754-7061**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3-12 and 57-59 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

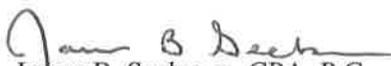

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Cody, Wyoming's basic financial statements. The combining and individual nonmajor fund financial statements on pages 61-62 and the schedule of changes in net pension liability and related ratios on page 63, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of changes in net pension liability and related ratios are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of changes in net pension liability and related ratios are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated October 4, 2019, on our consideration of the City of Cody's internal control over financial reporting and on our tests of its compliance with provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Cody's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with Governmental Auditing Standards in considering the City of Cody's internal control over financial reporting and compliance.

City of Cody, Wyoming  
Management Discussion and Analysis  
June 30, 2019

---

The management of the City of Cody, Wyoming offers the readers of the City's financial statements this narrative overview and analysis for the year ended June 30, 2019. When read in conjunction with the financial statements, this section's financial highlights, overview and analysis should assist the reader in gaining a more complete knowledge of the City's financial performance.

**Financial Highlights**

- The City of Cody's net position at the close of the current fiscal year was \$89,596,740. Total net position is comprised of the following:
  - (1) Net investment in capital assets of \$66,273,794 (74%) include property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
  - (2) Restricted net position of \$6,858,414 (8%) is restricted by constraints imposed from outside the City such as voters, grantors, laws or regulations, or by policy of the City Council.
  - (3) Unrestricted net position of \$16,464,532 (19%) represents the portion available to maintain the City's continuing obligations to citizens and creditors.
- Total net position increased by \$1,750,986 over the prior fiscal year. The governmental-type net position increased by \$1,105,169 and the business-type net position increased by \$645,817.
- Total expenses during the year were \$28,877,371 compared to total revenues of 31,430,755.
- The unassigned fund balance for the General Fund was \$8,287,302 or approximately 75% of total General Fund expenditures for the fiscal year.
- Net capital assets in the governmental-type funds increased by \$582,626 and decreased by \$425,108 in the business-type funds
- Assessed Valuation: the assessed valuation for the City of Cody for 2019 was \$141,298,040, an increase of \$7,231,362 or approximately 6% over 2018.

**Overview of the Financial Statements**

The annual report consists of three parts: 1) Management's Discussion and Analysis, 2) the basic financial statements, and 3) required supplementary information. The basic financial statements include two kinds of statements that present different views of the City.

The first two statements are government-wide financial statements that provide both long-term and short-term information about the City's overall financial status similar to a private-sector company.

The remaining statements are fund financial statements that focus on individual parts of the City government, reporting City operations in more detail than what is presented in the government-wide statements.

City of Cody, Wyoming  
Management Discussion and Analysis  
June 30, 2019

	Government-wide Statements	Fund Statements	
		Governmental Funds	Proprietary Funds
Scope	Entire City government	The activities of the City that are not proprietary such as administration, police, streets, and parks & recreation	Activities the City operates similar to private businesses such as the solid waste, water, wastewater, and electric utilities
Required financial statements	Statement of Net Position, Statement of Activities	Balance Sheet, Statement of Revenues, Expenditures, and Changes in Fund Balance	Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, Statement of Cash Flows
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that become due during the year or soon thereafter, no capital assets are included	All assets and liabilities both financial and capital, and short-term and long-term
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the fiscal year, expenditures when goods or services have been received and payment is due	All revenues and expenses during the year, regardless of when cash is received or paid

### **Government-Wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Cody's finances, in a manner similar to a private-sector business. The *statement of activities* presents information reflecting how Cody's net position has changed during the fiscal year just ended.

The government-wide financial statements distinguish the functions of Cody that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities include general government, administrative services, public safety, parks, public facilities, recreation, and public works. The business-type activities include solid waste collection, water, wastewater and electric.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Cody, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Cody can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

City of Cody, Wyoming  
Management Discussion and Analysis  
June 30, 2019

---

- **Governmental Funds** - Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. These funds focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explains the relationship (or differences) between them.
- **Proprietary funds** - Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information.
- **Fiduciary Funds** - The fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Cody's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

#### **Notes to the Financial Statements**

The notes to the financial statements are considered an integral part of the basic financial statements since they provide additional information needed to gain a full understanding of the data provided in both the government-wide and fund financial statements. The notes are found on pages of this document.

#### **Supplemental Information**

In addition to the basic financial statements, which include the accompanying notes, this report also presents *required supplemental information*. Included is a budgetary comparison for the General Fund, the Specific Purpose Tax Fund, and Lodging Tax Fund comparing actual results (using the basis of budgeting) with the original budget and the final amended budget.

Other supplemental information included with the basic financial statements are the combining balance sheet and combining statement of revenues, expenditures and changes in fund balance schedules for the non-major governmental funds (special revenue and capital projects), and schedule of net changes in pension liability and pension contributions.

#### **Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The largest portion of Cody's net position (74%) reflects its investment in capital assets (e.g. land, buildings, machinery & equipment, and infrastructure), less any debt used to acquire those assets that is still outstanding. These assets are used to provide services to citizens; consequently, they are not available for future spending.

The following summary of net position and changes in net position are presented for the current fiscal year, 2018-2019 with comparison totals for the prior fiscal year 2017-2018.

### Governmental Activities

The following charts illustrate governmental revenues by source and the governmental expenses by function as reported on the statement of changes in net position.

Governmental activities during Fiscal Year 2018-19 increased Cody's net position by \$1,105,169. The following information describes key changes for the year:

Assets and Deferred Outflows of Resources increased \$3,353,630

- Current and other assets including cash, investments, accounts receivable (net of allowance) and due from other governments increased \$1,831,531
- Capital assets increased \$582,626
- Deferred outflows related to pensions increased \$939,473

Liabilities and Deferred Inflows of Resources increased \$2,248,465

- Current liabilities including accounts payable, accrued liabilities, customer deposits, due to other governments and other payables increased \$97,821
- Long term debt outstanding including compensated absences increased \$27,099
- Deferred inflows related to property taxes, and pensions decreased \$826,895
- Net pension liability increased \$2,950,440

Revenues decreased \$491,838

- Charges for services decreased \$189,877
- Grants and contributions increased \$73,327
- Taxes and intergovernmental revenues decreased \$630,512
- Investment earnings and miscellaneous revenues increased \$255,244

Expenses increased \$94,388

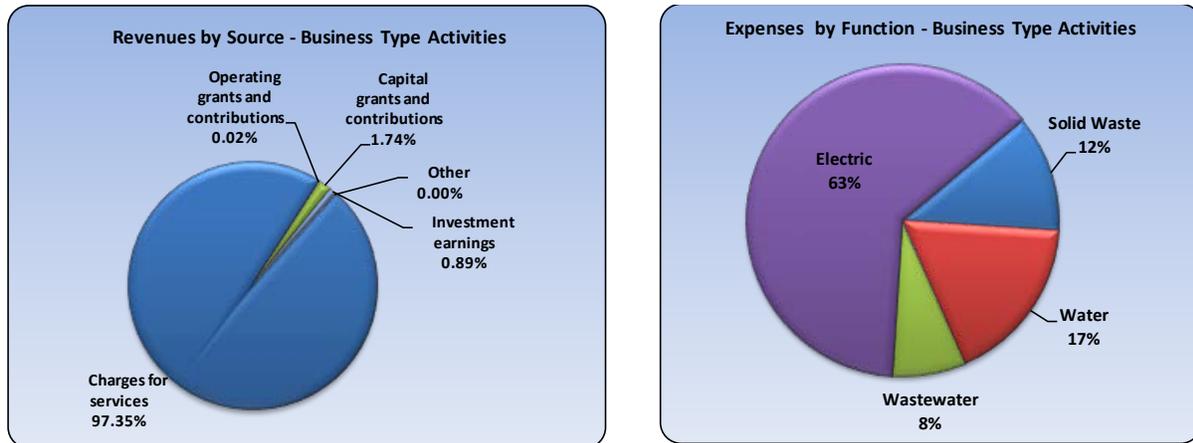

- General Government decreased \$944,125
- Police Department increased \$518,928
- Parks, Facilities and Recreation increased \$445,359
- Community Development and Public Works increased \$74,226

Interfund Transfers decreased \$1,353,713

City of Cody, Wyoming  
Management Discussion and Analysis  
June 30, 2019

**Business-type Activities**

The following charts illustrate business-type revenues by source and the business-type expenses by function as reported on the statement of changes in net position.

Business-type activities during Fiscal Year 2017-2018 increased Cody's net position by \$645,817. The following information describes key changes for the year:

Assets and Deferred Outflows of Resources increased \$782,098

- Current and other assets including cash, investments, accounts receivable (net of allowance) and due from other governments increased \$1,127,835
- Capital assets decreased \$425,108
- Deferred outflows related to pensions increased \$79,371

Liabilities and Deferred Inflows of Resources increased \$136,282

- Current liabilities including accounts payable, accrued liabilities, customer deposits, due to other governments and other payables decreased \$169,646
- Long term debt outstanding including compensated absences and the CWSRF loan increased \$4,873
- Deferred inflows related to pensions decreased \$244,899
- Net pension liability increased \$545,954

Revenues decreased \$686,249

- Charges for services decreased \$658,121
- Grants and contributions decreased \$110,665
- Investment earnings and miscellaneous revenues increased \$82,537

Expenses increased \$1,183,889

- Solid Waste increased \$424,642
- Water increased \$506,919
- Wastewater increased \$187,631
- Electric decreased \$35,303

Interfund transfers decreased \$1,353,713

City of Cody, Wyoming  
Management Discussion and Analysis  
June 30, 2019

### General Fund Budgetary Changes

The City adopts an annual budget for all funds. The City Council may adopt budget amendments during the year for supplemental appropriations which are generally contingent upon new or additional revenue sources or the spending of reserves.

There was a decrease of revenue in the amount of \$624,268 and a decrease in expense appropriations in the amount of \$558,235 between the original and final amended budget in the General Fund. This was mainly due to grant award changes after the original budget was approved and the carry-over of incomplete projects from the prior fiscal year.

### Capital Assets

The City of Cody's net investment in capital assets for its governmental and business-type activities as of June 30th amounted to \$66,273,794. This investment in capital assets includes land, easements, buildings & improvements, machinery, equipment, infrastructure associated with the water, wastewater and electric distribution systems, as well as streets, trails and park facilities. The following summary of capital assets is presented for the current fiscal year with comparison totals for the prior fiscal year. Additional information pertaining to capital assets activity is available in the notes to the financial statements.

Management Discussion and Analysis  
June 30, 2019

---

**Significant Variations and Currently Known Facts**

The State of Wyoming, by constitution, does not have a state personal income tax; therefore it operates primarily using taxes and other sources received through the State. As a result, the City of Cody relies heavily on sales and use tax and a limited array of other revenues passed through from the State and well as locally generated revenues such as franchise fees, business licenses, and charges for services to provide services to the community. There are also a limited number of recurring and non-recurring federal, state and local grants that benefit the City of Cody. For business-type services such as solid waste collection, water distribution, wastewater treatment and electric distribution the users of the services pay a related fee or charge associated with the activity.

The FY 2019-2020 adopted budget represents a continuation of adjusting costs to available resources. The use of reserves to balance the General Fund budget is always a concern and the City Council has tasked the leadership team with searching for options to minimize the negative impact on the General Fund cash reserves. The challenge is that local governments have few options to raise revenues on their own and decreases in service levels substantial enough to preclude the use of reserves to balance the budget would have a significant impact on citizens and visitors. The volatility of a tourist-based economy highlights the necessity to focus on long-term, recurring changes that will increase revenues and decrease expenses. In 2016, the City sponsored a Wyoming Business Council grant in the amount of \$750,000 as a pass through to Wyoming Authentic Products to expand their manufacturing facility in Cody. Construction was expected to be complete in September 2019, however this project fell through and the City withdrew the grant from Wyoming Business Council. The City was awarded a \$6 million-dollar pass-through financing package from Wyoming Business Council for the expansion of the Gunwerks firearms production facility. Over the next five years, the project is expected to create 52 jobs, retain 58 jobs, increase payroll over \$3 million dollars, and provide the business opportunity for consolidation and relocation of corporate officers from Utah. The financing package is divided between a \$3 million-dollar grant and a \$3 million-dollar loan. The grant portion was about 80% expended by the end of the 2018-2019 fiscal year. While the City sponsored the loan application for Gunwerks, it is a non-recourse loan in which the City has no obligation for repayment. It is a conduit loan where the City is simply the pass-through entity.

The City received a second loan from the State Lands and Investments Board through the clean water state revolving fund for phase 2 of the wastewater treatment plan upgrade. The total project cost is \$6,000,000 and is being funded through the wastewater fund reserves, the specific purpose tax, a state mineral royalty grant, and the CWSRF loan. The new loan has a 20-year repayment schedule at zero percent interest and a partial principal forgiveness component.

The City participated in an electric rate study sponsored by the Wyoming Municipal Power Agency during the fiscal year. The results of this study were implemented as a three-year rate increase for power users within City limits beginning October 1, 2019. The additional annual revenue is estimated to be \$250,000.

The City received a grant from the Wyoming Water Development Commission for a water master plan study. The goals of the project are to identify current and future deficiencies within the systems based on detailed hydraulic analysis, analyze and identify the amount of annual replacement funding needed for the systems, identify a prioritized list of major capital projects to allow for long-term funding and planning, and to develop a fair and equitable rate structure for all users of the systems.

The 1% specific purpose tax that voters passed in November of 2016 had been fully collected by April 2019. The sales tax in Park County is currently at 4%. The City is working with the City of Powell,

City of Cody, Wyoming

June 30, 2019

---

the Town of Meeteetse, and Park County to develop a capital projects list for the 2020 election ballot for another specific purpose tax. The Council is considering several projects for the ballot with an estimated total cost of \$13.7 million.

**Requests for Information**

The City of Cody's financial statements are designed to provide its users (citizens, taxpayers, customers, investors and creditors) with a general overview of Cody's finances and to demonstrate Cody's accountability. Questions concerning any of the information presented in this report or requests for additional information should be sent to:

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

---

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City's accounting and financial reporting policies conform to accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in the subsequent sections of this Note.

**1.A. FINANCIAL REPORTING ENTITY**

In determining the financial reporting entity, the City complies with the provisions of GASB Statement No. 61.

The reporting entity is comprised of the primary government only. The primary government of the City of Cody consists of all funds and departments that are not legally separate from the City.

The City of Cody (City) is a municipal corporation located in Park County, Wyoming. The elected Mayor and six-member City Council represent the governing body responsible for the activities related to City government within the jurisdiction of the City. The government receives funding from local, state and federal government sources and must comply with the accompanying requirements of these funding sources.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organizations; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units also may include organizations that are fiscally dependent on the City in that the City approves the budget, levies their taxes or issues their debt.

The City of Cody has no component units presented in the financial statements.

**Related Organizations**

Based on the foregoing criteria, the following related organizations are not included in the financial reporting entity:

Wyoming Municipal Power Agency - provides electrical generation and distribution services to its eight-member communities.

Shoshone Municipal Pipeline - operates a pipeline and water treatment facility to sell water to the six communities participating in the joint powers venture.

Yellowstone Regional Airport Joint Powers Board – created in 1980 to construct, maintain, equip, operate and conduct an airport and incidental facilities.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

Northwest Improvement Projects Joint Powers Board – this board is currently inactive. The City of Cody and the City of Powell are members of the Joint Powers Board.

The Lodging Tax Joint Powers Board – determines the disposition of lodging tax receipts to three communities in Park County, Wyoming.

The City appoints one or two representatives to serve on each of these joint powers boards. However, in each case there are at least 5 other board members selected by other entities. Each board hires its own management, sets its own rates and is responsible for its own expenses. The City is not liable for losses of any of the boards and does not provide a significant amount of funding for any of the boards.

### **1.B. BASIS OF PRESENTATION**

#### Government-Wide Financial Statements:

The statement of net position and statement of activities display information about the City as a whole. They include all financial activities of the reporting entity except for fiduciary activities. Eliminations have been made to minimize the double reporting of transactions involving internal activities. Individual funds are not displayed in these statements. Instead, the statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities presents a comparison between the expenses and program revenues directly associated with the different governmental functions and business-type activities to arrive at the net revenue or expense of the function or activity prior to the use of taxes and other general revenues. Program revenues include (1) fees, fines and service charges generated by the program or activity, (2) operating grants and contributions that are restricted to meeting the operational requirements of the program or activity, and (3) capital grants and contributions that are restricted to meeting the capital requirements of the program or activity.

#### Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Separate financial statements are presented for the three major fund categories: governmental, proprietary, and fiduciary. An emphasis of the fund financial statements is placed on major governmental and enterprise funds. The General Fund is always reported as a major fund. Other funds are considered major if they meet the following criteria:

- a. Total assets, liabilities, revenues or expenditures/expenses of that individual governmental or enterprise fund is at least 10% of the corresponding total for all funds of that category or type, AND

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

- 
- b. Total assets, liabilities, revenues or expenditures/expenses of the individual governmental fund or enterprise fund that are at least 5% of the corresponding total for all governmental and enterprise funds combined.
  - c. A fund not meeting the criteria of (a) and (b), however management has elected to report the fund as a major fund due to its significance to users of the financial statements.
  - d. GASB Statement No. 34 permits governments to report as a major fund any other governmental or enterprise fund that the government's officials believe is important to financial statement users.

All remaining governmental and enterprise funds not meeting the above criteria are aggregated and reported as non-major funds. The funds of the financial reporting entity are described below:

#### GOVERNMENTAL FUNDS

##### General Fund

The General Fund is the primary operating fund of the City. It is used to account for all activities except those legally or administratively required to be accounted for in other funds. This fund is always a major fund.

##### Special Revenue Funds

Special Revenue funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for certain purposes. The reporting entity includes the following special revenue fund:

*Lodging Tax Fund* - accounts for revenues and expenditures of lodging taxes which are to be used to support community functions and activities. This fund is a major fund by the election of management.

*Cody Public Art Fund* – this fund was established to account for donations received for use in purchasing and leasing artworks for display in public areas.

##### Capital Projects Funds

Capital Projects funds are used to account for resources restricted for the acquisition or construction of specific capital projects or items. The reporting entity includes the following capital projects funds, of which all are non-major funds:

*Vehicle Replacement Fund* - accounts for transfers from other funds within the primary government which is for the purchase vehicles and equipment. Transfers are based upon each department's vehicles and assigned replacement schedules to allocate appropriate funds to cover future replacements. Although projects such as construction are not being performed, the City considers this a capital project fund.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

---

*Specific Purpose Tax Fund* – accounts for proceeds received from the additional on-cent specific purpose sales tax voted in by Park County residents in 2016. Expenditures from this fund are restricted to the specific projects identified on the ballot. This fund is a major fund by the election of management.

#### Proprietary Funds

Proprietary funds include enterprise and internal service funds. Enterprise funds are used to account for business-like activities for services provided to the general public. Internal service funds are used to account for business-like activities provided and charged to other funds or entities within the reporting entity. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Non-operating revenues of the proprietary funds include such items as investment earnings and subsidies. The reporting entity includes the following proprietary funds, each of which are major funds:

*Solid Waste Fund* - accounts for the activities of the department responsible for maintaining a dependable system for collecting and disposing of solid waste and recyclable materials in the City.

*Water Fund* - accounts for activities of the department responsible for providing a safe, potable water supply and an irrigation water supply to the community.

*Wastewater Fund* - accounts for the activities of the department responsible for maintaining a dependable system for collecting and treating the City's wastewater.

*Electric Fund* - accounts for activities of the department responsible for providing a dependable electric supply to the community.

#### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Cody's own programs. The reporting entity includes the following fiduciary funds:

*Pass Through Grants Fund* – accounts for funds received by the City of Cody that are transferred to other entities per the award eligibility terms. The City is considered the prime recipient of the funds and the beneficiary of the funds is considered the subrecipient. The City of Cody currently has one pass through grant for the Gunwerks Manufacturing Facility which is administered by Forward Cody Wyoming, Inc.

### **1.C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

Measurement focus is a term used to describe **how** transactions are recorded within the financial statements. Basis of accounting refers to **when** transactions are recorded regardless of the measurement focus applied.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

Measurement Focus

*Government-wide, Proprietary, and Fiduciary Fund Financial Statements*

In the government-wide Statement of Net Position and the Statement of Activities, and the proprietary and fiduciary fund statements the "economic resources" measurement focus is applied. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position and cash flows. All assets and liabilities (whether current or noncurrent, financial or nonfinancial) associated with their activities are reported.

*Governmental Fund Financial Statements*

In the governmental fund financial statements, a "current financial resources" measurement focus is applied. Under this focus, only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

*Government-wide, Proprietary and Fiduciary Fund Financial Statements*

In the government-wide Statement of Net Position and Statement of Activities, and the proprietary fund financial statements the accrual basis of accounting is applied. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic assets are used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

*Governmental Fund Financial Statements*

In the governmental fund financial statements, the modified accrual basis of accounting is applied. Under the modified accrual basis of accounting revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City has defined "available" as collected within 60 days after year end. Sales and use taxes, franchise taxes, lodging taxes, court fines and interest are considered susceptible to accrual. Expenditures, including capital outlay, are recorded when the related fund liability is incurred, except for long-term debt principal and interest, claims and judgments, and accrued compensated absences, which are recorded as expenditures to the extent they have matured. Proceeds of general long-term debt and capital leases are reported as other financial sources.

**1.D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND EQUITY**

Cash and Cash Equivalents

Cash and cash equivalents include all demand deposit accounts. Investments in open-ended mutual fund money market accounts are also considered cash equivalents and are reported at the funds current share price.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

Investments

Investments consist of U.S. government securities and bonds, sweep account into money market mutual funds, and certificates of deposit. These investments are purchased with the intention of holding to maturity and are therefore reported at cost.

Receivables

Material receivables in governmental funds and governmental activities include revenue accruals such as sales tax, franchise tax, grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in accordance with GASB 33. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available at the fund level.

Proprietary-type funds and business-type activities material receivables consist of all revenues earned at year -end and not yet received. Utility accounts receivable comprise the majority of proprietary fund receivables.

Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

Prepaid Items

Payments made to vendors for service that will benefit periods beyond June 30, 2018, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reported as non-spendable as this amount is not available for general appropriation.

Inventories

The City records consumable materials and supplies as an asset when purchased and expended as consumed. Such inventory is valued at average cost.

Capital Assets and Depreciation

The accounting treatment of property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund type or proprietary fund type operations and whether they are reported in the government-wide or fund financial statements.

*Government-Wide Statements*

In the government-wide financial statements, property, plant and equipment are accounted for as capital assets. The City's capitalization threshold varies by asset classification and category. The range of asset capitalization threshold by asset classification is noted below:

<b>Classification</b>	<b>Threshold</b>
Land	\$5,000
Intangibles	\$5,000
Buildings	\$25,000
Other Improvements	\$25,000

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

Machinery & Equipment	\$ 5,000
Furniture & Fixtures	\$ 5,000
Infrastructure	\$5,000 - \$25,000

All capital assets are valued at historical cost or estimated historical cost if actual cost is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. General infrastructure assets (such as roads, bridges, and traffic systems) acquired prior to July 1, 2006, are reported at estimated historical cost using deflated replacement costs. The cost of normal maintenance and repairs to these assets that do not add materially to the value of the asset or significantly extend the assets' useful lives are not capitalized. Interest costs, net of interest earned on any invested capital debt proceeds, are capitalized when incurred by proprietary funds.

Depreciation of all exhaustible capital assets is recorded as an operating expense in proprietary fund financial statements and as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net position. Depreciation is calculated over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Asset Type	Useful Life
Buildings	30 – 50 Years
Other Improvements	10 Years
Intangibles	1-5 Years
Machinery & Equipment	5 – 10 Years
Furniture & Fixtures	5 Years
Infrastructure	5 – 50 Years

In the government funds financial statements, capital assets acquired are accounted for as capital outlay expenditures.

#### Restricted Assets

Restricted assets include cash and investments of enterprise funds and business-type activities that are legally restricted as to their use. The primary restricted assets are related to customer utility deposits.

#### Long-Term Debt

Accounting treatment of long-term debt varies depending upon the source of repayment and the measurement focus applied, and whether the debt is reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental activities, business-type activities, proprietary fund and component unit resources are reported as liabilities incurred. The long-term debt consists primarily of accrued compensated absences, liability for claims, notes payable, and revenue bonds payable. This long-term debt is reported net of unamortized premiums, discounts, and amounts deferred from refundings, if applicable.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

---

Long-term debt of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures.

As of June 30, 2019, the City of Cody is not obligated in any manner for special assessment debt.

#### Compensated Absences

The City's policies regarding vacation and compensatory time permit employees to accumulate varying amounts as determined by management.

The City's sick leave policy caps sick leave accruals at 720 hours and employees with balances in excess of 720 as of the adoption date are allowed to keep all of the hours accrued until such time that the employees use the hours below 720. Eligible employees may be able to convert a portion of their accrued sick leave towards the employee's 457 Deferred Compensation account or Health Savings account or a combination of both based on a longevity percentage table upon an eligible separation of employment.

Vacation time off with pay is available to regular full time and regular part time employees. The amount of paid vacation time employees receive each year increases with the length of their employment. Full time employees may carry 80 hours of accrued vacation leave and part time employees may carry 40 hours of accrued vacation leave into a new calendar year. Vacation time off is paid at the employee's base rate of pay at the time of vacation

The estimated liabilities for vested benefits also include salary-related payments such as employment taxes. Compensated absences are reported as accrued in the government-wide, proprietary and component unit financial statements. Governmental funds report only the matured compensated absences payable to currently terminating employees.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the financial statements may report a separate section for deferred outflows of resources. This separate financial statement element represents a decrease of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the financial statements may include a separate section for deferred inflows of resources. This separate financial statement element represents an increase of net position that applied to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City reports deferred outflows and inflows as follows:

*Unavailable Revenues* – Certain long-term assets are not available to pay for current liabilities and are therefore deferred on the governmental funds Balance Sheet. Property taxes are reported on the government-wide Statement of Net Position and are recorded as receivables when levied or assessed; however, they are reported as deferred revenue until the “available” criterion has been met. Other unavailable deferred revenue on the government-wide Statement of Net Position include prepaid lease revenue. The City has deferred revenue that qualifies for

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

---

reporting on the Balance Sheet in this category in the amount of \$67,518 which represents court fines, and severance taxes.

*Pension Plan Items* – in the government-wide and proprietary funds statements of net position, a deferred outflow or inflow of resources is reported for the unrecognized items not yet charged to pension expense related to the net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the Wyoming Retirement System (WRS) plans and additions to/deductions from WRS’s fiduciary net position have been determined on the same basis as they are reported by WRS.

At June 30, 2019, the City of Cody reported on the government-wide Statement of Net Position a deferred outflow in the amount of \$3,223,074 and a deferred inflow of \$262,611 for its proportionate share of the Wyoming Retirement System’s net pension liability. See Notes 4.A. for additional information regarding the pension liability.

#### Equity Classifications

##### *Government-Wide and Proprietary Fund Financial Statements:*

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources on the government-wide financial statements. Net position is classified in the following categories:

- a. Net investment in capital assets – Consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction or improvement of the assets.
- b. Restricted net position – Consists of amounts restricted by creditors, grantors, contributors or laws or regulations of other governments.
- c. Unrestricted net position – Consists of the net position that does not meet the definition of “net investment in capital assets” or “restricted net position”.

##### *Governmental Fund Financial Statements:*

In the fund financial statements, governmental fund balance is presented in five possible categories:

- a. Nonspendable – resources which cannot be spent because they are either (a) not in spendable form or; (b) legally or contractually required to be maintained intact.
- b. Restricted – resources with constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- c. Committed – resources which are subject to limitations the government imposes upon itself at its highest level of decision making, and that remain binding unless removed

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

- 
- in the same manner. The commitment or use of Committed Resources is accomplished through an Ordinance or Resolution of the City Council, usually during the annual budget process or subsequent budget amendment.
- d. Assigned – resources neither restricted nor committed for which a government has as stated intended use as established by the governing body. The assignment or use of Assigned Resources is accomplished by Council action.
  - e. Unassigned – resources which cannot be properly classified in one of the other four categories. The General Fund is the only fund that reports a positive unassigned fund
  - f. balance amount.

Application of Net Position:

It is the City of Cody's policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Application of Fund Balance:

When both restricted and unrestricted fund balances are available for use, it is the City's policy to use externally restricted fund balances first. Furthermore, committed fund balances are reduced first, followed by assigned fund balances and then unassigned fund balances when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

**1.E. INTERNAL AND INTERFUND BALANCES AND ACTIVITIES**

In the process of aggregating the financial information for the government-wide financial statement, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

*Government-Wide Financial Statements:*

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

- a. Internal balances – amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are reported as internal balances.
- b. Internal activities – amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide statement of activities except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers – Internal Activities. The effects of interfund services between funds are not eliminated in the statement of activities.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

- 
- c. Primary government and component unit activity and balances – resource flows between the primary government and the discretely-presented component units are reported as if they were external transactions.

*Fund Financial Statements:*

Interfund activity, if any, within and among the governmental, proprietary fund and fiduciary categories is reported as follows in the fund financial statements:

- a. Interfund loans – amounts provided with a requirement for repayment are reported as interfund receivables and payables.
- b. Interfund services – sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
- c. Interfund reimbursements – repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
- d. Interfund transfers – flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

## **1.F. REVENUES, EXPEDITURES, AND EXPENSES**

### Sales Tax

The City presently levies a four-cent sales tax on taxable sales within the City which includes the four-cent State tax. During the period of July 2018 through March 2019 an additional 1% specific purpose sales tax was levied in Park County. The sales tax generated from the four-cent tax is collected by the State and remitted to the City the month following receipt by the State. The sales tax recorded is allocated to General Fund operations. The one-cent specific purpose sales tax is collected by the State and remitted to Park County monthly. Park County disburses the tax to the other three municipalities in the county based on each entity's percentage of approved tax-funded projects. Sales tax resulting from sales occurring prior to year end and received by the City after year end have been accrued and are included under the caption, *Due from other governments* since they represent taxes on sales occurring during the reporting period.

### Property Tax

The Park County Treasurer acts as an agent to collect property taxes levied in the County for all taxing authorities. Collections are distributed after the end of each month.

#### Property Tax Calendar

August 10	Taxes are levied and become an enforceable lien on the properties
September 1	First of two equal installment payments is due
November 10	First installment is delinquent
March 1	Second installment is due
May 10	Second installment is delinquent

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

---

Property taxes are considered “measurable” when levied and recorded as receivables when levied or assessed however they are reported as deferred revenue until the “available” criterion has been met. The City of Cody has recorded a receivable and a deferred inflow of resources for levied property taxes.

#### Grants

The City participates in various grant activities depending on the applicable projects and/or grants available. Expenditures from certain grants are subject to audit by the grantor, and the City is contingently liable to refund amounts received in excess of allowable expenditures.

#### Expenditures & Expenses

In the government-wide statement of activities expenses including depreciation of capital assets are reported by function or activity. In the governmental fund financial statements expenditures are reported by class (further reported by function) as current, capital outlay and debt service. In proprietary fund financial statements, expenses are reported by object or activity.

### **1.G. USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

### **1.H. RECENTLY ISSUED ACCOUNTING STANDARDS**

#### New Accounting Standards

GASB Statement No. 91, *Conduit Debt Obligations*. The primary objective of this statement is to clarify the existing definition of a conduit debt obligation, establishing that conduit debt is not a liability for the issuer, establishing standards for accounting and financial reporting of any additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations, and improving required note disclosures. The requirements of this statement are effective for reporting periods beginning after December 15, 2020. The City of Cody will implement the requirements of this statement as of June 30, 2020.

### **NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

By its nature as a local government unit, the City and its component units are subject to various federal, state and local laws and contractual regulations.

### **2.A. DEFICIT FUND BALANCES OR NET POSITION**

Wyoming Statutes prohibit the creation of a deficit fund balance in any individual fund of the City. For the year ended June 30, 2019, the City had not incurred a fund balance deficit in any individual fund.

### **2.B. BUDGET REQUIREMENTS**

The City of Cody’s budget is prepared on a fiscal year basis beginning each July 1st and running through the following June 30th. The budget must present a complete financial plan for the City, setting forth all estimated revenues, expenditures, and other financing sources for the ensuing fiscal year, together with the corresponding figures for the previous fiscal year. In estimating the

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

---

anticipated revenues, consideration must be given to any unexpected surpluses and the historical percentage of tax collections. Further, the budget must show a balanced relationship between the total proposed expenditures and the total anticipated revenues with the inclusion of beginning funds.

All incorporated first-class cities and towns must comply with the provisions of the Uniform Municipal Fiscal Procedures Act (W.S. 16-4-101 through W.S. 16-4-124) in preparing its budget. This act requires:

1. All departments must submit their budget requests to the budget officer by May 1st of each year. The budget officer must prepare a tentative budget for each fund and file it with the governing body no later than May 15th of each year.
2. The budget shall be in a format which best serves the needs of the municipality.
3. The budget must contain actual revenues and expenditures for the last completed fiscal year, estimated total revenues and expenditures for the current fiscal year, and estimated available revenues and expenditures for the ensuing budget year, and the year-to-year change in estimated revenues.
4. Each budget must contain the estimates developed by the budget officer together with specific work programs and other supportive data requested by the governing body, and must be accompanied by a budget message which outlines the proposed financial policies for the budget year and explains any changes from the previous year.
5. The proposed budget for the city or town must be reviewed and considered by the governing body in a regular or special meeting called for this purpose. After holding a public hearing, the governing body must adopt the budget (W.S. 16-4-109).
6. A summary of the budget the governing body proposes to adopt must be entered into the minutes.
7. The summary of the proposed budget must be published at least one (1) week before the date of the public hearing in a newspaper having general circulation in that locality, or if there is none, by posting the notice in three (3) conspicuous places within the municipality. Copies of publications of hearings shall be furnished to the director of the state department of audit.
8. No appropriation in the final budget of any fund can be in excess of the estimated expendable revenue with the inclusion of beginning funds for the fund for the budget year (W.S. 16-4-110).

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

- 
9. No later than the day after the public hearing, the governing body must make the necessary appropriations and adopt the budget which, will be in effect for the next fiscal year barring further amendment.
  10. A copy of the adopted budget, certified by the budget officer, must be furnished to the County Commissioners on or before July 31st (W.S. 39-2-401) for the necessary property tax levies (W.S. 16-4-111).

### **2.C. DEPOSITS AND INVESTMENTS REQUIREMENTS (POLICIES)**

In accordance with State law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Wyoming or political subdivision debt obligations or surety bonds. Investments of a City are limited by State law to the following:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State of Wyoming is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime banker's acceptances, prime commercial paper and repurchase agreements involving securities which are authorized investments under State Statutes.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a, b, c and d.

### **2.D. ACCOUNTS PAYABLE AND ACCRUED EXPENSES**

#### Related Party Payables

The City of Cody had \$851,468 payable to the following related parties at June 30, 2019: \$155,125 in the Water Fund payable to Shoshone Municipal Pipeline and \$696,343 payable to Wyoming Municipal Power Agency. Further disclosure of related party transaction is reported in Note 4E.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

Accrued Expenses

The City of Cody reported \$179,701 in accrued expenses as of June 30, 2019. Accrued expenses consist of wages earned by employees through June 30, 2019 which had not yet been paid and related payroll liabilities such as FICA. Due to the dates and report filing of certain payroll related expenses for items such as worker's compensation and retirement these items are also included in the accrual. These items were not paid prior to June 30, 2019 for their respective liability.

**2.E. DEBT RESTRICTIONS AND COVENANTS**

General Long-Term Debt

As required by State Statutes, the City may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue without first obtaining voter approval. For the year ended June 30, 2019 the City incurred no such debt or obligations.

**NOTE 3. DETAIL NOTES ON TRANSACTION CLASSIFICATION**

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues and expenditures/expenses.

**3.A. DEPOSITS AND INVESTMENTS**

The City's investment policy is adopted pursuant to the requirements of W.S. 9-4-831(h). It is the policy of the City of Cody to invest public funds in a manner which will provide a reasonable rate of investment return while assuring the maximum holding of principal, meeting the daily cash flow demand of the City of Cody, and conforming to all federal, state, and local laws and regulations governing the investment of public funds. This policy applies to the investment of all public funds maintained by the City of Cody and except for cash held for certain restricted purposes the City of Cody consolidates cash balances from all funds to maximize investment earnings. Investment income is allocated to the various funds based on their respective participation and in accordance with Generally Accepted Accounting Principles.

Deposits with Financial Institutions

The City of Cody maintains funds on deposit at a local bank branch in non-interest bearing checking accounts. At June 30, 2019, the carrying amount of the City's cash and cash equivalents was \$6,354,985. The deposits with financial institutions as of the same date totaled \$6,314,704. The difference between the carrying amount and the bank balance are the result of transactions in transit and petty cash on hand. The deposits were collateralized as follows:

Balance at June 30, 2019	Pledged Collateral	FDIC Insurance	Total Bank Collateral	Bank Collateral Over(under) Requirements
\$ 6,314,704	\$ 11,200,993	\$ 250,000	\$ 11,450,993	\$ 5,136,289

Investments

The City of Cody maintains investments in direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged. It is the City's policy to purchase investments and hold them to maturity, therefore investments are reported at cost rather than fair market value. State law does not allow

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

governments to invest in corporate bonds, stocks or mutual funds and limits investments in commercial paper to short term maturities (not greater than 270 days) and to the top ratings issued by nationally recognized statistical rating organizations.

As of June 30, 2019, the City of Cody held the following investments:

Issuing Agency	Original Cost	Par Value	Market Value at June 30, 2019
Money Funds Federated Capital Reserve	\$25,223	\$25,223	\$25,223
U.S. Government Agency Bonds	6,826,841	6,853,000	6,855,913
Certificates of Deposit	950,000	950,000	959,683
Sweep Investment Account	15,082,342	15,082,342	15,082,342
Total	\$22,884,406	\$22,910,565	\$22,923,161

The sweep investment account is backed by securities of the U.S. Government or securities explicitly guaranteed by the U.S. Government. The market value of the securities exceeded the principal value by more than 100%.

The City's sweep investment account operates by transferring excess funds above the City's target balance in the deposit accounts to an omnibus governmental money market mutual funds account at the end of each business day. Funds are then automatically transferred back to the City's deposit accounts if the account balance falls below the target balance.

#### Investment and Deposit Risk

*Custodial credit risk* is the risk that, in the event of bank failure, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

**Bank Deposits** – The City of Cody maintained 100% pledging of its deposits in financial institutions. FDIC covered \$250,000 of the bank balance while the remaining balance was secured by the pledging of additional collateral. At June 30, 2019, the collateral on the City of Cody's deposits exceeded the amount on deposit by \$5,136,289.

**Federated Capital Reserve Money Funds** - Money funds held as investments are collateralized through the Securities Investor Protection Corporation (SIPC) which protects securities up to \$500,000. As of June 30, 2019, the collateral on the City of Cody's money funds deposit exceeded the amount on deposit by \$474,770.

**Sweep Investment Account** – Governmental deposits are collateralized using the underlying securities in the bank's government strategy money funds which are similar to securities used to collateralize bank deposits. The value of the underlying securities as of June 30, 2019 was \$79.6 billion.

**Third Party Payment Processors** – the City of Cody utilizes third party payment processors for the collection of electronic payments from customers via credit card or automatic bank account debits. These transactions are processed through a financial

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

institution and covered under the FDIC insurance. Funds are transferred to the City's bank accounts weekly and pending transfers do not exceed \$250,000. As of June 30, 2019, the collateral on the City of Cody's third-party payment processor's balance exceeded the amount on deposit by \$177,910.

*Interest rate risk* is the risk that is associated with declines or rises in interest rates which cause an investment in a fixed-income holding to increase or decrease in value. The City's policy provides that to the extent practicable, investments are matched with anticipated cash flows and are diversified to minimize the risk of loss resulting from an over-concentration of assets in a specific maturity period or single issuer. The City's investments are laddered with varying maturities based on cash flow needs. The majority of the City's investments will mature within 5 years.

<b>Maturity</b>	<b>% of Total</b>	<b>Market Value</b>
Daily	65%	\$15,082,342
1 to 6 months	5%	1,047,751
7 to 12 months	8%	1,838,412
1 to 5 years	20%	4,588,972
6 to 10 years	2%	365,684
<b>Grand Total</b>		<b>\$22,923,161</b>

*Concentration of credit risk* is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City of Cody invests in U.S. backed securities and bonds issued by different government agencies, certificates of deposit issued by different banks, and repurchase accounts invested in short-term money market instruments. The City's investments are diversified as follows:

<b>Issuer</b>	<b>% of Total</b>	<b>Market Value</b>
Government Agency Debt		\$11,594,830
Government Agency Repurchases		4,675,526
Treasury Repurchases		4,223,055
Treasury Debt		1,438,415
Wells Fargo Bank		252,990
Compass Bank		251,275
Morgan Stanley Bank		251,170
JP Morgan Chase Bank		200,670
Money Funds		25,230
<b>Grand Total</b>		<b>\$22,913,161</b>

*Call risk* is the risk that is specific to bond issues and refers to the possibility that an instrument will be called prior to maturity and usually goes hand in hand with reinvestment risk. The City of Cody's investments are split as follows:

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

Type	% of Total	Par Value
Callable	17%	\$ 3,821,250
Non-Callable	83%	19,091,911
<b>Grand Total</b>		<b>\$ 22,913,161</b>

*Reinvestment risk* is the risk that in a declining- interest rate environment, investments offered do not provide the same level of income. Falling interest rates lead to a decline in cash flow from an investment when its principal is reinvested at lower rates. The City’s sweep investment account is subject to reinvestment risk since shares are redeemed and purchased daily. Changes in market interest rates will affect the sweep account balance on a daily basis and have an impact, either positive or negative, on the interest earnings.

*Market risk* is the risk that the value of a holding will increase or decline as a result of changes in market conditions. The City of Cody has a “buy and hold” policy meaning that bonds are held until maturity.

*Credit risk* is the risk that an insurer of investments will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by nationally recognized statistical rating organizations. Obligations of the U.S. Government are backed by the full faith and credit of the U.S. Government. The City’s investments in U.S. Government issued securities were rated AAA by Moody’s and AA+ by Standard and Poor’s.

#### Fair Value of Investments

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs to measure the fair value of the asset. The fair value hierarchy is made up of three levels:

Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. Examples include US Government and agency securities, foreign government debt, listed equities, and money market securities.

Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices). Examples include corporate bonds, mortgage-backed securities, bank loans, loan commitments, less liquid listed equities, municipal bonds and certain OTC derivatives.

Level 3 – unobservable inputs for the asset or liability. Examples include distressed debt, private equity, exotic or non-standard derivatives.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

Fair value measurements are categorized in their entirety based on the lowest level input that is significant to the entire measurement.

<b>Investments at Fair Value as of June 30, 2019</b>				
<b>Issuer</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
US Government Agency and Treasury Securities	\$ 21,938,248	\$ -	\$ -	\$ 21,938,248
Money Funds Federated Capital Reserve	25,230			25,230
Certificates of Deposit		959,683		959,683
<b>Grand Total</b>	<b>\$ 21,963,478</b>	<b>\$ 959,683</b>	<b>\$ -</b>	<b>\$ 22,913,161</b>

### 3.B. RECEIVABLES

As required by GASB #33, there is a court fine receivable recorded on the books in the amount of \$210,301 with an uncollectible allowance recorded of \$181,372. Many of the outstanding fines fall into the category of over 120 days past due, however, they are typically years past due and not considered collectible. Many of these accounts have been sent to collections.

A significant portion of the charges for services receivables are due from residents of Cody, Wyoming for utility services. Other receivables in the governmental funds consist of billings through the City's accounts receivable system for items such as building permits, miscellaneous items, licenses, etc. Proprietary funds accounts receivable consists of usage and tap fees billed to customers (solid waste, water, wastewater, and electric). They are as follows:

	Governmental	Enterprise Funds	Total
Accounts Receivable – billed	\$ 160,522	\$ 1,078,204	\$ 1,238,726
Accounts Receivable – unbilled	5,754	1,590,931	1,596,685
Allowance for Uncollectible Accounts	(40,356)	(152,376)	(192,732)
Accounts Receivable, net of allowance for uncollectible accounts	\$ 125,920	\$ 2,516,759	\$ 2,642,679

### 3.C. RESTRICTED ASSETS

The restricted assets as of June 30, 2019 totaled \$190,024 and are comprised of customer deposits and advance grant revenue (see Note 3.F.) and were as follows:

Type of Restricted Assets	Governmental Funds	Enterprise Funds
Customer Deposits	\$8,949	\$-
Meter Deposits	-	181,075
Total Restricted Assets	\$8,949	\$181,075

### 3.D. DUE FROM OTHER GOVERNMENTS

Due from other governments consists of those revenues due from outside governmental agencies such as the county, state and federal government. The following is a schedule of those receivables and related deferred revenues:

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

	Governmental		Business-Type
	Receivable	Deferred	Receivable
Sales and Use Tax	\$604,406	\$-	\$-
Specific Purpose Sales Tax	188,703	-	-
Severance Tax	58,904	58,904	-
Cigarette Tax	11,972	-	-
Lodging Tax	12,049	-	-
Lottery Proceeds	11,569	-	-
Motor Vehicle Tax	33,639	-	-
Gasoline and Special Fuels Tax	64,609	-	-
Grants	3,810	-	24,444
Total	\$989,661	\$58,904	\$24,444

The amount shown on this schedule for Governmental deferred revenue (\$58,904) differs from deferred revenue total shown on the Governmental Funds Balance Sheet deferred revenue (\$67,518) due to certain deferred revenue not derived from intergovernmental sources.

### 3.E. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2019 was as follows:

GOVERNMENTAL CAPITAL ASSETS					
	Balance at July 1, 2018	Adjustments	Additions	Disposals	Balance at June 30, 2019
Land	\$ 2,418,607	\$ -	\$ -	\$ -	\$ 2,418,607

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

### 3.F. LONG-TERM DEBT

The reporting entity's long-term debt is segregated between the amounts to be repaid from governmental funds (Government Activities Long-Term Debt) and the amounts to be repaid from proprietary funds (Business-Type Activities Debt).

As of June 30, 2019, the City's long-term debt consisted of the following:

*Accrued Compensated Absences:* Accrued compensated absences reported in the governmental activities are comprised of accrued vacation leave, sick leave and compensatory time.

*Customer Deposit Liability:* Utility customers without acceptable credit history are required to pay a meter deposit to obtain utility services. Utility deposits are refundable after 18 consecutive months of on-time payment history. Other customer deposits include encroachment deposits, landscaping deposits and bid bonds. Other deposits are refundable upon completion of the requirements of each type of deposit, typically within 12 months.

*Loans Payable:* The City of Cody issued debt in the Wastewater Fund in the amount of \$1,735,295 for both phases of the wastewater treatment facility upgrade and expansion project. The loan for Phase 2 of the will not become due until after substantial completion of the project has been completed.

The City has assigned and pledged to the Wyoming State Loan and Investment Board all revenues generated from the Wastewater user fees and Wastewater enterprise fund unrestricted reserves as reimbursement for the annual loan payments which the City will make to the Clean Water State Revolving Fund (CWSRF) necessary to meet the amortized annual payment of principal and interest. The City of Cody charges a wastewater plant fee based on water tap size which is assessed monthly to all users of the City's sewer system. This fee generates approximately \$220,000 annually which exceeds the annual debt service payment requirement.

The annual requirements to retire the debt outstanding as of June 30, 2019 are as follows:

Fiscal Year	Loan Phase 1		Loan Phase 2		Total
	Principal	Interest	Principal	Interest	
2019	\$69,646	\$40,765	\$ -	\$ -	\$110,411
2020	71,361	39,047	84,278	-	194,686
2021	73,123	37,288	-	-	110,411
2022	74,926	35,485	-	-	110,411
2023	76,774	33,637	-	-	110,411
2024-2028	413,217	138,841	-	-	552,058
2029-2033	466,737	85,322	-	-	552,059
2034-2039	405,233	25,094	-	-	430,327
Total	\$1,651,017	\$435,479	\$84,278	\$ -	\$2,170,774

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

*Net Pension Liability:* Under GASB 68/71 the City of Cody is required to recognize pension expense and report deferred outflows of resources and deferred inflows of resources related to pensions for its proportionate share of collective net pension liability under cost-sharing employer plans.

CHANGES IN LONG TERM DEBT					
	Balance at July 1, 2018	Additions	Deductions	Balance at June 30, 2019	Amounts Due within a Year

<b>Total Long-Term Debt</b>	<b>\$8,621,449</b>	<b>\$3,608,322</b>	<b>\$102,813</b>	<b>\$12,126,958</b>	<b>\$595,880</b>

### 3.G. INTERFUND BALANCES AND ACTIVITIES

The City of Cody utilizes inter-fund transfers for both operating and capital purposes such as allocations to the Vehicle Replacement Fund and franchise transfers from the Proprietary Funds to the General Fund. Inter-fund transfers for the year ended June 30, 2019 were as follows:

	Governmental Activities			Business-Type Activities				Total
	General Fund	Vehicle Replacement Fund	Total	Solid Waste Fund	Water Fund	Wastewater Fund	Electric Fund	
Franchise Fees	\$947,148	-	\$947,148	\$(110,388)	\$(161,636)	\$(67,365)	\$(607,759)	\$(947,148)
Vehicle Replacement	(313,274)	476,680	163,406	(72,833)	(13,950)	(24,001)	(52,622)	(163,406)
Total	\$633,874	\$476,680	\$1,110,554	\$(183,221)	\$(175,586)	\$(91,366)	\$(660,381)	\$(1,110,554)

The amount shown in this chart differs from the transfers shown on the Statement of Activities due to the following capital contributions recorded as other financing sources due to the purchase of capital assets by the Vehicle Replacement Fund and Specific Purpose Tax Fund:

Fund	Amount
Wastewater	\$130,742
Solid Waste	5,186
Total	\$135,928

The amount shown on this schedule (\$135,928) for capital contributions differs from capital contributions total shown on the Statement of Revenues, Expenses and Changes in Fund Net Position Proprietary Funds capital contributions (\$473,899) due to contributed capital received from outside agencies.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

At fund level, the purchase by the governmental fund is recorded as capital outlay expenditure and is a capital contribution in the proprietary fund. However, for the government-wide financial statements this activity is treated as a transfer between funds and activity is eliminated.

### 3.H. FUND BALANCES AND NET POSITION

#### Components of Fund Balances

As of June 30, 2019, fund balances components consisted of the following:

Fund	Non-Spendable	Restricted	Committed	Assigned
General Fund	\$482,978	\$126,695	\$ -	\$ 72,864
Vehicle Replacement Fund	-	-	-	2,833,934
Cody Public Art Fund	-	3,409	-	-
Specific Purpose Tax Fund	-	3,787,374	-	-
Total	\$482,978	\$3,917,478	\$ -	\$2,906,798

#### Net Asset Restrictions

In the governmental activities at the government-wide level there is a restriction in the amount of \$3,917,478 due to certain assets being restricted to a specific use such as the specific purpose tax fund (\$3,787,374), police forfeiture funds (\$95,595), PEG grant (\$10,000), convention center project (\$21,100), and donations received for the Cody Public Art project (\$3,409).

## NOTE 4. OTHER NOTES

### 4.A. EMPLOYEE PENSION PLANS

The City and all full-time and regular part-time employees participate in the Wyoming Retirement System (WRS), a cost-sharing multi-employer public employee retirement system. WRS pays employees a defined benefit depending upon years of service and earnings using an accrued benefit cost method.

Wyoming Retirement System has two tiers of benefits for City employees:

Tier 1: For employees who have made a contribution to the Plan for service prior to September 1, 2012, benefits are calculated using a multiplier of 2.125 percent for the first 15 years of service and 2.25 percent for years of service above 15 and the employee's three-year highest average salary. Employees under this tier are eligible for full retirement at age 60 or the Rule of 85 (age plus years of service in WRS equals 85 or more).

Tier 2: For employees who made their first contribution to the Plan for service on or after September 1, 2012 or if an employee terminated employment before being vested, or took a refund and then were reemployed on or after September 1, 2012, benefits are calculated using a multiplier of 2 percent for all years of service and the employee's five-year highest average salary. Employees under this tier are eligible for full retirement benefits at age 65 or the Rule of 85.

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

City employees are eligible for a reduced benefit when: Under Tier 1 the employee reaches age 50 and are vested; Under Tier 2 the employee reaches age 55 and are vested or Under either Tier if the employee completes 25 years of service at any age. Law enforcement employees are eligible for full retirement after reaching age 60 and are vested or at any age with 20 years of service. Early retirement benefits are available with a reduced benefit after reaching age 50 and are vested. All eligible City employees are covered under one of the following two plans:

*Public Employee Pension Plan*

Beginning September 2018, public employees participate at a contribution rate of 17.12%. By State Statute, the employer-allocated portion is 8.62% and the employee-allocated portion 8.50% of which the City paid 12.44% and the employees paid 4.68% of the total contribution amount. Prior to September 2018 the employer-allocated portion was 8.37% and the employee-allocated portion was 8.25% of which the City paid 12.19% and the employees paid 4.43% for a total contribution rate of 16.62%.

Fiscal Year Ending	Employee Contribution	Employer Contribution	Total Contribution
June 30, 2019	\$205,180	\$548,180	\$753,360
June 30, 2018	\$186,462	\$512,611	\$699,073
June 30, 2017	\$185,985	\$511,790	\$697,775
June 30, 2016	\$197,551	\$548,749	\$746,300

*Law Enforcement Pension Plan*

Beginning September 2018, law enforcement employees participate at a contribution rate of 17.2%. By State Statute, the employer-allocated portion is 8.60% and the employee-allocated portion is 8.60% of which the City paid 11.69% and employees paid 5.51% of the total contribution amount.

Fiscal Year Ending	Employee Contribution	Employer Contribution	Total Contribution
June 30, 2019	\$74,073	\$157,153	\$231,226
June 30, 2018	\$71,515	\$151,726	\$223,241
June 30, 2017	\$68,186	\$144,663	\$212,849
June 30, 2016	\$74,939	\$149,844	\$224,783

As of June 30, 2019, the City did not have an outstanding balance payable for legally required contributions to the Wyoming Retirement System.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

The WRS has public employee and law enforcement employee plan assets of \$7,430,420,435 and a total pension liability of \$10,717,783,576, creating a net pension liability of \$3,287,363,141. The pension net position as a percent of total pension liability is 66%. The City of Cody's prorated share of the net pension liability is \$9,612,563. Of this amount \$7,572,106 is attributable to the General Fund and \$2,040,457 is attributable to the Enterprise Funds. The

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

City's net pension liability is based on the ratio of actual contributions paid to WRS by the City to the total paid by all participants of the plan. The City's prorated share of the net pension liability is based on the ratio of actual contributions paid to WRS by the City to the total paid by all participants of the plan, which amounts to .292410%. The measurement date of the unfunded pension liability was December 31, 2018.

At June 30, 2019 the City reported a total liability of \$9,612,563 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation at January 1, 2018. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities. At December 31, 2018, the City's liability as well as their proportion and increase from its proportion measured at December 31, 2017 were as follows for each plan in which the City participates:

	Pension Liability at June 30, 2019	Proportion at December 31, 2018	Increase(Decrease) from December 31, 2017
Public Employee Pension Plan	\$7,557,246	.2481617%	.0110286%
Law Enforcement Pension Plan	2,055,317	.8490509%	.0226203%
Total	\$9,612,563		

At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflow		Deferred Inflow	
	Public Employees	Law Enforcement	Public Employees	Law Enforcement
Net difference between projected & actual earnings	\$1,134,883	\$337,795	-	\$-
Difference between actual and expected experience	-	2,827	189,789	92,821
Assumption changes	377,577	877,139	-	-
Amortizing deferred outflows & deferred inflows	1,512,460	1,217,761	189,789	92,821
Contributions subsequent to measurement date	378,601	114,252	-	-
Total	\$1,891,061	\$1,332,013	\$189,789	\$92,821

The City reported \$3,223,074 as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date which will be recognized as a reduction of the net pension liability in the year end June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as follows:

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

Fiscal Year Ended June 30	Deferred Outflows of Resources	Deferred Inflows of Resources
2019	\$1,179,323	\$103,407
2020	\$742,274	\$65,085
2021	\$555,336	\$48,694
2022	\$746,141	\$65,425
	\$3,223,074	\$282,611

Actuarial Assumptions

An experience study was conducted covering the five-year period ending December 31, 2017. The net pension liability as of December 31, 2018 is based on the results of an actuarial valuation as of January 1, 2018 rolled forward to a measurement date of December 31, 2018. The following actuarial assumptions applied to all periods included in the measurement:

<i>Public Employee Pension Plan</i>	
Actuarial cost method	Entry age normal
Inflation	2.25%
Salary increases	4.75% to 8.75%, including inflation
Payroll growth rate	2.5%
Cost of living increase	0.00%
Investment rate of return	7.00%, net of pension plan investment expense
Post-retirement mortality	RP-2014 Healthy Annuitant Mortality Table, fully generational, projected with Scale MP-2017 Males: No set back with a multiplier of 100% Females: No set back with a multiplier of 88%
Pre-retirement mortality	RP-2014 Employee Mortality Table, fully generational, projected with Scale MP-2017 Males: No set back with a multiplier of 100% Females: No set back with a multiplier of 100%

<i>Law Enforcement Pension Plan</i>	
Actuarial cost method	Entry age normal
Inflation	2.25%
Salary increases	4.75% to 8.75%, including inflation
Payroll growth rate	2.5%
Cost of living increase	0.00%
Investment rate of return	7.00%, net of pension plan investment expense
Post-retirement mortality	RP-2014 Healthy Annuitant Mortality Table, fully generational, projected with Scale MP-2017 Males: No set back with a multiplier of 100% Females: No set back with a multiplier of 88%
Pre-retirement mortality	RP-2014 Employee Mortality Table, fully generational, projected with Scale MP-2017 Males: No set back with a multiplier of 100% Females: No set back with a multiplier of 100%

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

Asset Allocation

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. For each major asset class that is included in the pension plans target asset allocation as of January 1, 2019, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Arithmetic Rate of Return
Cash	0.00%	.30%
Fixed Income	20.00%	2.00%
Equity	49.00%	7.40%
Marketable Alternatives	19.00%	3.50%
Private Markets	12.50%	7.00%
Total	100.00%	5.50%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% for the public employee plan and 5.92% for the law enforcement plan. Projected benefit payments are required to be discounted to their actuarial present values using a single discount rate that reflects (1) a long-term expected rate of return and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date.

The following table presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.00%) or 1% higher (8.00%) than the current rate:

Primary Government Pension Plans	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Public Employee Plan	\$10,480,881	\$7,557,246	\$5,117,499
Law Enforcement Plan	3,094,466	2,055,317	1,212,874
Total	\$13,575,347	9,612,563	\$6,330,373

Wyoming Retirement System Reports

Financial reporting information pertaining to the City's participation in the Wyoming Retirement System (WRS) is prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions, as amended by GASB Statement No. 71. The WRS was established through State Statutes W.S. 9-3-401 through W.S. 9-3-432. The WRS issues a publicly available Comprehensive Annual Financial Report that includes its financial statements and required supplementary information. Contact the Wyoming Retirement System for additional information or a summary plan description

#### **4.B. RISK MANAGEMENT**

##### Liability

The City is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters. The City manages these various risks of loss through participation in the Wyoming Local Government Liability Pool (LGLP). The City pays an annual actuarially determined assessment to LGLP for liability coverage. The coverage provides \$250,000 per claimant, but not more than \$500,000 per occurrence for all claimants. The deductible per occurrence is \$5,000. The contribution to the plan in the current year was \$46,270. Should claims exceed LGLP deposits, each participant is liable and will be assessed for its proportionate share whether or not it continues to participate in the plan, should LGLP terminate, the City would receive its proportionate share of excess funds remaining in the LGLP account. The City has incurred no losses of significance in excess of coverage provided by LGLP in the last three years.

##### Health Insurance

The City also participates in the Wyoming Association of Municipalities Joint Powers Insurance Coverage (WAM-JPIC) as a means to acquiring health and life insurance at competitive rates. The package is acquired by pooling resources with other governmental entities. The City pays 100% of the cost for single coverage and 85% of the cost for dependent coverage with employees paying the other 15%. In addition, the City contributes 50% of the employees' annual deductible into a health savings account (H.S.A.) for each covered employee. Employees with family coverage receive \$1,300 per year (contributed at \$54.16 per pay period) and employees with other than family coverage receive \$625 per year (contributed at \$26.07 per pay period). The total cost for health insurance and H.S.A contribution for the City in the current fiscal year was \$1,661,388.

##### Property Insurance

Buildings and equipment are adequately insured under commercial insurance policies. The City has incurred no losses of significance in excess of coverage provided by the commercial carriers in the last three years. Total costs for property insurance for the City in the current fiscal year were \$63,496.

##### Cyber Insurance

The City maintains cyber insurance to protect against internet-based risks and risks related to information technology infrastructure and activities. The City has incurred no losses. Total costs for cyber insurance for the City in the current fiscal year were \$7,780.

#### **4.C. LEASES**

The City has entered into a lease agreement with the Cody Council on Aging, Inc. for a building constructed by the City for use as a senior center. The annual fair market value under the lease is

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

approximately \$87,000. The term of the lease is 30 years beginning January 1, 2002 with valuation adjustments to be considered every five years. The annual lease payment is considered an in-kind contribution from the City to the Cody Council on Aging, a 501(c) (3) organization.

#### 4.D. COMPENSATED ABSENCES

Accumulated vacation, sick leave and compensatory pay of the City's employees vest every other week and is recorded as a liability in the respective City funds. The General Fund's accrued vacation pay and sick leave is reported as a liability on the government-wide financial statements. Liabilities of the proprietary funds are reported within those funds at the fund level and government-wide level of financial statements. See Note 3.F. for further disclosure of the liabilities.

#### 4.E. RELATED PARTY TRANSACTIONS

##### Jointly Governed Organizations

The City paid the following jointly governed organizations for the following during the fiscal year ended June 30, 2019:

Organization	Purpose	Amount Paid	Amount Owed as of June 30th
Shoshone Municipal Pipeline	Wholesale water	\$1,607,283	\$155,125
Wyoming Municipal Power Agency	Wholesale electricity	\$9,126,893	\$696,342
Yellowstone Regional Airport	Operating contribution	\$174,365	\$0

##### Purchases from Elected Officials

During the fiscal year ended June 30, 2019 the City of Cody purchased materials and services from a business owned by a council member in the amount of \$67,601.

#### 4.F. COMMITMENTS

##### Construction Commitments

At June 30, 2019, the following construction commitments were outstanding of which some are being performed by City of Cody employees/departments:

Project	Department	Actual as of June 30 <sup>th</sup>	Anticipated Remaining Cost
Wastewater treatment facility phase 2	Wastewater	\$429,568	\$5,570,431
Beacon Hill water tank	Water	226,434	3,373,565
Sunshine Ave water line	Water	27,082	10,000
Splash park	Parks	206,578	349,037
Gunwerks service line	Electric	1,479	24,522
Country estates service line	Electric	32,125	2,376
ADA ramp installations	Public Works	166,002	242,843
	Total	\$1,089,268	\$9,572,774

#### 4.G. SEGMENT INFORMATION FOR ENTERPRISE FUNDS

The City maintains four business-type activities which provide solid waste, water, wastewater and electric services. Only the Water Fund and the Electric Fund are required to have segment information presented, however Management has chosen to show limited segment information

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

on each Proprietary Fund in this Note. Each fund is a major fund therefore the full segment information can be easily seen in the proprietary funds financial statements. Segment information for the year ended June 30, 2019 as follows:

	Solid Waste Fund	Water Fund	Wastewater Fund	Electric Fund	Combined Total
Total Assets	\$4,589,279	\$14,846,260	\$17,036,239	\$17,425,628	\$53,897,406

Ending Cash	\$2,847,396	\$4,476,976	\$2,872,037	\$4,724,214	\$14,920,623

#### 4.H. CONTINGENCIES

##### Contingencies

*Grant Program Involvement* – in the normal course of operations the City participated in various federal and state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by the granting or loan agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

*Litigation* – the City is a party to various legal proceedings which normally occur in the course of government operations. The financial statements do not include accrual or provisions for loss contingencies that may result from these proceedings. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State Statute relating to judgments, the City feels that any settlement or insurance would not have a material adverse effect on the financial condition of the City.

#### 4.I. SUBSEQUENT EVENTS/OTHER

The following actions were taken by the City Council subsequent to the June 30<sup>th</sup> end of the fiscal year but prior to the issue date of this report:

Approved a request to increase funding for the TAP Grant to \$400,000 (increased from \$320,000 previously approved) and the City of Cody local match amount to \$100,000 (increased from \$80,000 previously approved).

City of Cody, Wyoming  
Notes to Basic Financial Statements  
June 30, 2019

---

Awarded Bid 2019-02 for the Wastewater Treatment Facility Phase 2 Treatment Facility to Harris Trucking & Construction Company in the amount of \$5,221,162.

## Notes:

- (1) The City of Cody operates a Vehicle Maintenance department in the General Fund. The main function of this department is to provide maintenance and repair services on fleet vehicles and equipment. Under City policies, interdepartmental services performed by one department for another are credited to the performing department and charged to the receiving department to reflect the accurate cost of programs. For reporting purposes, the Enterprise Fund charges are shown as transfers in/out between funds. The General Fund activities are credited to the performing department and charged as an expense to the receiving departments. The cost allocation is calculated annually based on each department's percentage of use; therefore, actual costs are not being allocated. See Note 1.E. in the Notes to the Basic Financial Statements for additional details.
- (2) The City of Cody operates a Vehicle Replacement capital project fund which accounts for transfers from other funds within the primary government which is to be used to purchase vehicles and equipment. Transfers are based upon each department's vehicles and assigned replacement schedules to allocate appropriate funds to cover future replacements. See Note 3.G. in the Notes to the Basic Financial Statements for additional details.
- (3) The budget for the General Fund is prepared using the modified accrual basis of accounting.

See independent auditor's report as it relates to required supplementary information.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members of the City Council  
Cody, Wyoming

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cody, Wyoming, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Cody, Wyoming's basic financial statements, and have issued our report thereon dated October 4, 2019.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Cody, Wyoming's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Cody, Wyoming's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Cody, Wyoming's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Fax 307-754-7061**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Cody, Wyoming's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
